PURCHASING DIRECTOR

**RFP 23-2481-1ARA**  
**Literacy and Math Universal Screener and Progress Monitoring**  
**Questions and Answers**  
**February 24, 2023**

**1. Which vendor(s) and product(s) does the District currently use for these services?**

Answer: We do not currently have a product that we use district wide for this.

**2. RFP p. 3, Section II Scope of Services, A. General Requirements, #4, c. The RFP details requirements for a universal screener and progress monitoring system for math and reading. On p. 4, the RFP also states, "Provides digital math resources for practice."**

**a. Please clarify which types of resources for practice the District seeks.**

Answer: The district is looking for a math practice platform. We are currently using iXL and would like to review options that allow students to practice in line with VA Standards of Learning.

**b. Should vendors should also provide the practice resources for reading?**

Answer: We are happy to review resources, but this is not a required feature.
