L. Responsible Offeror Certification

1. “Responsible offeror” means a person who has the capability, in all respects, to perform fully the contract requirements and the moral and business integrity and reliability that will assure good faith performance, and who has been prequalified, if required.
2. In determining whether an Offeror is responsible, the County will consider whether the Offeror has defaulted on any government contract in the last five years; whether any government has terminated a contract with the Offeror for cause in the last five years; and whether Offeror or any of its officers, directors, partners, or owners is currently barred from participating in any procurements by any federal, state, or local government agency.
3. As part of its proposal, Offeror must certify that it has not defaulted on any government contract in the last five years or must explain any such default in reasonable detail. The County may deem any such explanation of default insufficient if it does not include contact information for the government on whose contract Offeror defaulted.
4. As part of its submission, Offeror must certify that no government has terminated a contract with the Offeror for cause in the last five years or must explain any such termination for cause in reasonable detail. The County may deem any such explanation of termination for cause insufficient if it does not include contact information for the government that terminated a contract with the Offeror for cause.
5. As part of its submission, Offeror must certify that neither it nor any of its officers, directors, partners, or owners is currently barred from participating in any procurements by any federal, state, or local government body. If Offeror cannot make such certification, Offeror must explain any ban in reasonable detail. The County may deem any such explanation insufficient if it does not include contact information for the public body that barred Offeror or Offeror’s officer, director, partner, or owner from participating in any procurement on any federal, state, or local government body’s contract.
6. If the Offeror fails to submit certifications or explanations in accordance with this section, the Purchasing Division may require prompt submission of missing information and/or give a lowered evaluation of the proposal.
7. The Offeror must notify the County immediately if the Offeror discovers that its certification was erroneous when submitted or has become erroneous.
8. The fact that an Offeror defaulted on a government contract in the last five years; the fact that a government terminated a contract with the Offeror for cause in the past five years;

or the fact that Offeror or any of its officers, directors, partners, or owners has been barred from bidding on contracts by any federal, state, or local government body will not necessarily result in the County deeming the Offeror nonresponsible.

9. If it is later determined that the Successful Offeror knowingly made a false certification, the County may terminate the contract for cause.
