 - a. The program and its staff shall comply with all Virginia Department of Education (VDOE) regulations, laws and policies covering alternative educational programs and special educational programs for children with disabilities.
 - b. Educational services shall be designed so that each student with a disability receives services following initial enrollment. The hours and length of services shall be based on the student's behavior, both in and out of the program, and incorporated in the IEP.
6. HCPS shall provide the Successful Offeror(s), upon referral, current student files.

7. All components of the services to be received shall be reviewed and approved by a liaison from HCPS Exceptional Education department. These components include, but are not limited to the students' Individualized Education Program (IEP), behavior management plan, intervention policies, educational program and service delivery and documentation of services.

B. Specific Requirements

The Successful Offeror(s) shall:

1. Provide case management services while students are enrolled in the program to include contact and coordination of services with the liaison from the Exceptional Education department of HCPS. Case management shall include all reporting procedures required by HCPS, including completion of 4 ½ week interims if required, nine-week updates of IEP's and end-of-the-year reports. Student assessments shall be conducted as directed by the Exceptional Education department of HCPS. Case management shall also include quarterly communication of progress, observations, evaluation summary and any other matters regarding the enrollee's scholastic status to the parents and the liaison;
2. Provide crisis intervention services as needed to the students and families while the student is in attendance at the program or is receiving services;
3. Support development and implementation of behavior management with specific expectations as determined by HCPS, school, and individual student plan;
4. Report any serious incidents, as defined by the HCPS Code of Student Conduct, to the on-site Principal or designee;
5. Conduct speech-language therapy services on-site in Henrico County Public Schools and also placement locations within normal school hours;
6. Observe the school closing guidelines for HCPS as reported by the local media due to inclement weather and;
7. Serve on the designed Child Study Team as the Speech-Language Pathologist for the Exceptional Education department. This shall include roles in the following capacities: assessment, case management, consultation with classroom teachers, therapeutic services and other duties as designated by the Director of Exceptional Education.

C. Offeror's Requirements

The Successful Offeror(s) shall:

1. Provide pathologist who are qualified and trained for the positions and duties to which they are assigned.
2. Be a firm regularly engaged as a provider of instruction, supervision, and management of speech and language therapy programs for students as described below:
 - a. Training in Communication Disorders;

Review of the reports of investigation to ensure that only those employees whose record(s) show no convictions or founded child protective service complaints for acts which would present a risk or threat to the students of HCPS are assigned as direct service providers. By submitting their proposal, Offerors certify that they understand this requirement, and if awarded a contract, they will comply. The Offerors further understand that failure to submit to any of the above requirements or failure to provide HCPS Director of Exceptional Education, or their designee, with an acceptable explanation of derogatory information obtained through the investigation is a breach of contract and can result in default action.
4. Provide a picture identification badge for each Speech-Language Pathologist that provides services to HCPS;

5. Designate in writing a coordinator to handle and assist in any and all problems concerning contract administration, communications, and relations with the Director of Exceptional Education or their designee;
6. Maintain the confidentiality of records in accordance with applicable laws and regulations; however, the Successful Offeror(s) shall provide complete access to said records to HCPS;
7. Document and report to the school principal or their designee, all serious incidents as defined and required by VDOE policies and procedures. A copy of the HCPS code of student conduct will be provided to the Successful Offeror(s) after contract award and;
8. Operate the program in conformance with all applicable federal, state, and local statutes and ordinances.
9. Without prior notification, all facilities and program services established under this contract shall be available for inspection and approval by those staff who have been authorized to inspect and monitor facilities and services by the Director of Exceptional Education or their designee. Any findings shall be submitted to the Successful Offeror(s) in writing, if requested. Corrective action shall be taken within a mutually agreed upon time frame. In addition, the Successful Offeror(s) will ensure access to any facility or program by any other agency carrying out its responsibilities of child protection.
10. Oversee the continuing education training of the Speech-Language Pathologists provided to HCPS.

D. Reporting and Invoicing Requirements

June 28, 2021

Henrico County Public Schools
Attn: Oscar Knott, Purchasing Director
8600 Staples Mills Road
Henrico, VA 23273

Dear Mr. Knott,

In response to your Invitation for Bid, The Stepping Stones Group, LLC is pleased to present its proposal for the provision of speech therapy services for Henrico County Public Schools (HCPS). Please note that Cobb Pediatric Speech Services has provided services to HCPS since 2012. **Cobb Pediatric Speech Services is now a member of The Stepping Stones Group.** We would like to express our sincere and earnest interest in continuing to work with HCPS, now as The Stepping Stones Group, to provide speech therapy services for your students.

With over 32 years of experience and expertise, The Stepping Stones Group is a trusted market-leader in providing special education, therapeutic, nursing, and behavioral health services for school systems throughout the United States. We are comprised of nine trusted, long-standing, and mission-driven organizations that offer a variety of special education solutions. Our family of brands includes the following: AlphaVista, Ardor School Solutions, Cobb Pediatric Therapy Services, Cumberland Therapy Services, Futures, MyTherapyCompany, Speech Rehab Services, Staffing Options and Solutions, and Staff Rehab. Through our collective family of brands and continued growth, we now serve more than 700 public school systems, charter schools, and private learning centers, and we employ more than 4,000 therapy, behavioral health, nursing, and education professionals nationwide.

Our organization has combined the management and recruitment expertise of our partner companies, along with clinical resources, mentoring, and professional development, into one market-leading organization. We provide comprehensive clinical management services, and each of our clinicians is assigned to a Clinical Manager. As such, we have earned an excellent reputation as an extremely effective and responsive provider of high-quality education-based services. The Stepping Stones Group has maintained a 92% client retention rate, leading to consistent and reliable staffing for our school district partners.

The Stepping Stones Group is uniquely qualified to meet the needs of Henrico County Public Schools. We have the experience to recruit qualified, licensed providers and the capabilities to provide the District with whatever level of staffing it may need, from simple position staffing to department management, and anything in between that would benefit its students. If you should have any questions or require additional information, please feel free to contact me directly, and we appreciate your consideration.

Sincerely,

Jessica Little, Client Services Manager

COMPANY BACKGROUND

The Stepping Stones Group offers a robust 32-year history of providing therapeutic, behavioral health, nursing, and special educational services for school systems. Since our beginnings in 1989, we have become the nationally recognized leader in serving school districts and have made the INC 5000 list over 10 times. We are headquartered in Atlanta, GA and have additional corporate hubs in California, Colorado, Florida, Illinois, Indiana, Massachusetts, and New York.

We currently have over 4,000 clinicians and educators providing services for over 700 public school districts, charter schools, and private learning centers in more than 35 states. We have unparalleled experience in delivering best practice therapeutic and behavioral health solutions to children with special needs and autism. In addition to recruiting highly qualified staff, we provide clinical management, comprehensive training and orientation, and ongoing monitoring for our clinicians.

Our Mission and Core Values

The Stepping Stones Group was founded with the singular mission of transforming the lives of children, families, and communities together through our exceptional therapeutic, special education and behavioral health services. We have a strong commitment to our core values, as they are the true heart of our company culture:

- **Trust:** Respectful and loyal in our actions
- **Integrity:** Honest, ethical, and fair in our activities
- **Results:** Striving to exceed expectations
- **Quality:** Excellence in everything we do
- **Community:** Working together to improve a child’s future
- **Inclusivity:** Welcoming everyone to join our mission in transforming lives together

A passionate adherence to these guiding beliefs continues to shape how we serve our employees, our clients, and the broader community.

Family of Brands

The Stepping Stones Group grew from a simple belief: That every child is born with a special set of gifts. Throughout our history, we have partnered with eight mission-driven organizations that share in our vision. Our dynamic leadership team and expansive clinical support network ensure the delivery of the highest quality therapeutic and behavioral health services nationwide.

SCOPE OF SERVICES

SSG has reviewed the Scope of Services outlined in the RFP instructions, and we agree with all requirements and terms. We will recruit highly qualified clinicians who will meet the District's qualifications. We will also ensure that they perform all duties listed in the Scope of Services, including designing and implementing speech and language therapy programs utilizing intervention models for students referred by the Exceptional Education department of HCPS; serve students (male and female) who are speech and language impaired and exceptional education students with speech and language as a related service; provide services during the weekdays, Monday through Friday, throughout the school year and consistent with the HCPS calendar for 2021-2022 and subsequently approved calendars; provide services for the length of treatment determined by the student's IEP; provide a program that consist of individualize attention for each student to increase his/her speech/language skills, providing appropriate level of special education services according to a student's IEP developed by HCPS; provide case management services while students are enrolled in the program to include contact and coordination services with the liaison from the Exceptional Education department, including reporting procedures required by HCPS, student assessments as directed by the Exceptional Education department of HCPS, case management that includes quarterly communication of progress, observations, evaluation summary, and any other matters regarding the enrollee's scholastic status to the parents and the liaison; provide crisis intervention services as needed to the students and families with the student is in attendance at the program or is receiving services; support development and implementation of behavior management with specific expectations as determined by HCPS, school, and individual student plan; report any serious incidents as defined by the HCPS Code of Student Conduct to the on-site principal; conduct speech-language therapy services on-site in HCPS and also placement locations within normal school hours; observe the school closing guidelines for HCPS as reported by the local media due to inclement weather; and serve on the Child Study Team as the Speech-Language Pathologist for the Exceptional Education department.

The clinical culture within SSG revolves around providing educationally relevant services and implementing strategies and best practice techniques to address the students' IEP goals. Our clinicians will comply with the following duties, allowing for differences across disciplines.

- Pre-referral strategies, if applicable within the District
- Assessments
- Report Writing
- Attendance at meetings
- Therapy services
- Documentation
- Treatment logs
- Progress reports
- Consultation with teachers, parents, etc.
- Collaboration with IEP team

For this RFP, the job duties will be as follows:

Speech Therapy

- language
- articulation
- phonology
- voice

- fluency
- social communication
- pragmatic language

Language:

- Provide services for the five domains of language: (1) semantics (vocabulary), (2) syntax (sentence structure), (3) morphology (word forms and grammar), (4) phonology (sounds), and (5) pragmatics (social language)
- Collaborate with Special Education teachers to use curriculum extension activities to increase skills in the language areas of semantics (vocabulary) and syntax (sentence formulation)
- Co-teach lessons with Special Education and General Education teachers targeting pragmatic (social language) skill development for peer interactions

Literacy:

- Offer literacy intervention in oral comprehension for students with language/learning needs
- Lead whole class lessons in kindergarten and first grade on phonological awareness
- Co-teach activities with the kindergarten and first grade teams for story narratives and sequential markers for story organization

Articulation:

- Teach students placement of the articulators of the mouth for correct sound production
- Partner with teachers and families for carryover activities to practice speech sound production

Fluency/Stuttering:

- Teach students techniques to shape rhythm and smoothness of speech production

Voice:

- Teach students vocal health and hygiene fundamentals, and safe vocal use

Augmentative and Alternative Communication:

- Partner with students and staff to provide meaningful opportunities to use dedicated voice output devices for interactions throughout the school day

Autism Spectrum Disorder:

- Teach students social expectations, organizational systems, and conversational strategies for peer and academic situations

METHODOLOGY

It is our priority that SSG clinicians implement educationally relevant and evidence-based therapeutic and behavioral health approaches, follow best practice standards in their area of specialty, and implement services within the least restrictive environment.

Our clinicians will apply an integrated and collaborative approach to services, following your District's Multi-Tiered System of Supports or Response to Intervention guidelines and approach. Our clinicians will also participate in all aspects of the school-based identification and intervention process: from assessments and eligibility standards, to development, planning, and implementation of IEP services.

As members of the collaborative IEP team, our clinicians will help determine the right service delivery model and strategies to support the educational goals of each individual student. Service models may include individual or group service delivery, push-in, pull-out, consultative approaches, or any combination of the above. We believe that it is essential for all IEP team members to collaborate with one another on a regular basis in order to promote consistency and increase student success.

Pre-Referral Strategies, Including RtI

SOG clinicians will follow the policies and procedures defined by the District. Before an assessment is initiated, SOG clinicians may collaborate with IEP team members or school staff to discuss parent and/or teacher concerns regarding the student's academic and/or behavioral challenges. The clinicians will work with the team to determine specific strategies and modifications that can be implemented for a specified amount of time, in the general education environment. If necessary, a classroom observation may be scheduled.

SOG clinicians will lend support, provide strategies for interventions, and educate the IEP team members with regard to related disability areas, which have a negative educational impact on student performance. In addition, prior test scores, attendance records, medical history, and work samples may be reviewed to assist in making the right modifications for the student. This approach will frequently reduce unnecessary assessments and provide staff with the tools to help meet student needs.

Assessments

If an area of deficit has been identified that negatively impacts a student's academic performance, SOG clinicians will provide assessments in accordance with state and District guidelines. Assessment materials and protocols are administered based on the student's age, specific areas of academic concern, and culture. Once all data has been compiled, an evaluation report is completed, and the outcomes of the assessment are shared with the IEP team and family during an IEP meeting. The student's present levels of function, proposed goals, recommended accommodations, and potential interventions are discussed. If services are recommended, the information gathered during the assessment process will be used to develop the student's treatment plan and goals.

Consultation

SOG clinicians provide consultation services to support students' success and bolster their skills in various learning situations. Consultation involves different components, such as classroom observations, providing strategies for teachers and parents, and providing resources. Consultation may take place in or out of the classroom.

IEP Team Collaboration

SOG recognizes that parents and teachers are key members of the student's IEP Team. We encourage our clinicians to communicate with IEP team members regularly to keep them informed and to answer any questions they might have regarding the services the clinician is providing. In order to ensure consistency and continuity, our clinicians:

- coach the school staff in techniques and modifications for improved carryover and success
- participate in co-treatment sessions with other service providers, when appropriate
- provide parents/guardians with information on their child's disability and how it is being addressed at school
- provide home programs that include activities to reinforce services that are being provided throughout the day

Student Intervention

SOG clinicians understand that interventions are driven by the student's IEP goals, using best practice methodology and appropriate service delivery models (push-in, pull-out, consultative, collaborative) to address their individual educational needs. Whenever possible, services are integrated into the classroom, to ensure that the least restrictive environment is utilized. This promotes the carry-over of therapeutic strategies into the classroom and provides opportunities for staff education, collaboration, and consultation with key staff members that will be supporting the student's educational progress.

Progress Monitoring

SSG recognizes the significance of data collection, documentation, and accountability, as well as the importance of providing the appropriate amount of services stated in the IEPs. Our Clinical Manager will provide individualized support and direction to our clinicians and educators in the area of Progress Monitoring, as needed. They are available for direct visits, phone conversations, and email communications, and they can answer questions regarding data collection and documentation.

With regard to monitoring progress, SSG clinicians will:

- complete District and/or site-specific quarterly progress reports
- follow the District's policies and procedures for documentation and availability
- monitor the daily notes to determine progress
- record student IEP progress and keep printed progress reports in student records
- complete Attendance Logs in order to track the frequency and duration of services provided
- notify case managers when clinicians complete their portion of student progress related to Special Education services

Student Confidentiality, HIPAA/FERPA/IDEA Compliance, and Maintenance of Records

SSG and its employees understand and comply with HIPAA, FERPA, and IDEA regulations and guidelines to ensure total confidentiality and maintenance of student records/documents. We also abide by the understanding that all student records/documents are retained as property of the District. The importance of confidentiality and protecting the privacy of students' health information and students' education records is addressed during our Employee Orientation Process. This information is also covered in our Employee Handbook. SSG is committed to maintaining legal compliance and integrity in all aspects of our operations. SSG employees are required to read and sign the SSG Compliance Program.

TELETHERAPY

Since 2013, The Stepping Stones Group has had a Clinical Manager on staff who is American Telemedicine Association (ATA) certified in Telepractice. She provides instrumental foundational guidance and oversight on the following topics:

- Creating our clinical and technical teletherapy staff trainings
- Ensuring our school-based virtual services meet the needs of our district clients
- Providing ongoing support to our virtual professionals via access to our library of virtual resources

Today, our teletherapy capabilities serve as an integral component of our full-service offerings to the educational setting. Whether your need is exclusively online, or a hybrid of virtual and in-person, we can offer virtual services to meet the needs of your District and your students. During a typical school year, we have almost 200 virtual clinicians providing services to several dozen public school districts and charter schools. These virtual clinicians span a spectrum of care that covers 12 different professional specialties in therapy, psychology, special education, social work, and healthcare fields.

SSG understands the fluid dynamics of the ever-changing education and special education service delivery continuum. School districts are operating with fully virtual, hybrid (part virtual/part in-person), and fully in-person education services and require a vendor who can quickly adapt to all types of school district needs. We do more than simply provide a teletherapy option for our school district clients to consider - we offer seamless set-up for both school districts and our clinicians who work in a virtual environment. In addition, our in-house team of teletherapy professionals conducts ongoing technical training and clinical training to ensure our virtual services are as efficient and clinically effective as possible.

Technology Services

SOG Platform (Zoom Healthcare)

- HIPAA/FERPA compliant
- Students can access the platform from a variety of devices (desktop, laptop, mobile)
- SSG manages all users and can provide usage reports
- Collaboration features including one-click content sharing, real-time annotation, and whiteboards
- We have access to online assessment tools for Speech Language Pathologists (if applicable and appropriate)

Based on District preference, there are also options for SSG to use other teletherapy platforms.

Technical Support

- SSG offers self-paced or scheduled group training for each of its team members before teletherapy begins. This training addresses both technical and therapeutic issues and also provides access to 1:1 clinical or technical help. The help desk will respond Monday – Friday, 9:00 am CST – 5:00 pm CST.

District Support Services

Leveraging SSG’s teletherapy solution allows school districts and their students to maintain pre-existing IEP mandates and goal compliance. SSG can document virtual therapy sessions and complete necessary therapy minute entries for the district’s online IEP system via remote access. With these tools and SSG’s operational infrastructure and support, students can continue to make progress towards IEP goals even in a virtual environment.

SSG offers these teletherapy services at no additional cost to the District. If needed, SSG also can offer District employees and non-SSG contract staff access to its teletherapy solution for a nominal fee and provide the same clinical and technical training available to our own employees.

SSG is committed to providing teletherapy technical training, clinical training, resources, and ongoing support to its school district partners as the company continues to pursue its mission of transforming the lives of children, families, and communities through our exceptional therapeutic and behavioral health services.

Training

- Provide initial training for new hires and customizable District training
- Clinical and technical how-to videos with supporting PowerPoint presentations and resources
- Teletherapy Toolkit on Bridge Academy, our proprietary Professional Development platform
 - 150+ discipline-specific resources with links and descriptions
 - Multi-discipline training videos and PowerPoint presentations
- Public landing page on company website for public use and District use:
<https://info.thesteppingstonesgroup.com/en-us/covid-19-teletherapy-resources>

Ongoing Support

- 1:1 clinical/technical support is available as needed
- Teletherapy Clinical Support Team - company-wide representation from multiple disciplines with additional support for specific clinical issues

- Professional Development team presents teletherapy-related webinars
- Help desk emails for both clinical and technical support

Teletherapy Resources

The SSG employees utilizing teletherapy are provided with both ready-made materials and common educational-based web resources to be utilized during teletherapy. Through our own Bridge Academy, we provide our clinicians and educators with comprehensive, ready-to-use resources, and we also provide them with the training mentioned above on how to use those resources in a virtual setting. All available resources, materials, and websites utilized can be adapted to each learner's ability and IEP goals to facilitate successful completion of identified goals.

Some of the web-based resources used by SSG include www.getepic.com, Boomcards, and ABCya!, which all have the ability to sort content based on age, grade or ability level.

QUALIFICATIONS OF OUR CLINICIANS

Our professionals are licensed and certified in the states in which they are assigned, have specialized training and experience in special education, developmental disabilities, pediatric rehabilitation, and/or mental illness, and work within the framework of IDEA, the ethical best practices of their disciplines, local District guidelines, and state and federal law. We will ensure that our clinicians and educators comply with the terms and conditions regarding licenses and certificates, fingerprinting, Medicaid service records, and all District rules and regulations.

COMPANY EXPERIENCE

The Stepping Stones Group offers a robust 32-year history of providing therapeutic, behavioral health, nursing, and special educational services for school systems. Since our beginnings in 1989, we have become the nationally recognized leader in serving school districts and have made the INC 5000 list over 10 times. We are headquartered in Atlanta, GA and have additional corporate hubs in California, Colorado, Florida, Illinois, Indiana, Massachusetts, and New York.

The Stepping Stones Group is the largest provider in the country with more than 4,000 clinicians in over 700 school systems across 35 states. We deliver high quality, educationally relevant therapy, behavioral health, and educational services to school districts, and our decades-long experience is comprehensive and diverse. It includes serving student populations of all sizes throughout rural, suburban, and urbanized metropolitan areas, with diverse student and socioeconomic populations and varying severities of disability or delays. In working with SSG, Henrico County Public Schools will gain a knowledgeable partner that understands the school framework, the importance of supporting your district initiatives, and the value that our additional resources and clinician support brings to your administration.

Virginia Experience

The Stepping Stones Group has been providing special education therapy services for Virginia school districts since 2007. We currently have over 80 clinicians working in over 20 school districts across the state. Below please review a partial list of the school districts we are currently serving for the 2020-2021 school year.

Henrico County Public Schools Experience

The Stepping Stones Group is proud to have been a trusted partner for HCPS since 2012. Cobb Pediatric Speech Services, now a part of The Stepping Stones Group, was awarded to provide services for Henrico County Public Schools in 2018. Cobb Pediatric Speech Services was also awarded to provide SLP services for HCPS in 2020. For the 2020-2021 School Year, we have placed six SLPs and two OTs in Henrico County Public Schools.

CAPABILITIES

Staffing Capabilities

Our longstanding history, national leadership, regional experience, and localized familiarity allow us to continue the growth of our professional network so we may effectively meet the staffing demands of our school district partners in every area of need. We continue to experience remarkable growth and success in recruiting highly skilled special education, therapeutic, behavioral health, and education professionals for our school district clients. This success is represented in our client retention rate, in which 92% of our school district partners have chosen to work with us year after year.

- ***Regional knowledge and experience.*** As a longstanding local provider in Virginia, SSG is familiar with the Henrico area. We understand the commutability factors from different cities or counties, and we use this knowledge and experience to match available clinicians with assignments in appropriate or commutable locations.
- ***Local and nationwide candidate pools.*** SSG has built a large network and database of professionals that we can call upon when a school district partner has an opening. This database includes candidates in the Henrico area, as well as candidates located throughout all 50 states. This allows us to expand our recruiting efforts to help source candidates relocating to the area if needed.
- ***Creative sourcing and recruiting.*** SSG uses proven recruiting techniques to uncover new candidate leads for our school district clients. Through creative, proactive, and personalized recruiting efforts, we can respond to the needs of your District to provide qualified and available candidates. We also work with universities and colleges across the country, including many in Virginia. Our ongoing and broad recruiting strategies ensure that we have potential candidates in our pool today and that we are developing new candidates for the needs of tomorrow.
- ***Consistency of service and retention of clinicians.*** SSG is proud of the consistency of service that we offer our school district partners. The growth and satisfaction of our clinicians is an integral part of our company culture, so our clinicians tend to stay with us year after year. Maintaining these high retention rates allows us to offer returning staff to your District each school year.
- ***Ongoing and immediate staffing needs.*** SSG is committed to responding to the short notice needs of our clients. Our approach includes immediate access to our local / regional database of clinicians, offering special incentives and creative solutions to support the urgent needs of your district. As our relationship continues to grow with the District, so does our involvement with local clinicians and the ability to respond quickly with qualified and talented candidates.

Service Delivery Options

We value the relationships we have with each of our school district clients, and it is important to us that we deliver on their expectations each and every school year. We have found that customizing our service delivery offerings and implementing a variety of approaches allows us to meet the specific needs of each school district and its students. A few examples of these service delivery options are outlined below:

Option 1: SSG Staffing Services

SSG provides qualified staff to help fill the District's immediate and ongoing staffing needs throughout each school year.

Option 2: Dedicated On-Site Clinical Management

This option includes our SSG Staffing Services above, plus a dedicated on-site Clinical Manager to supervise, support, guide, and mentor the SSG clinicians in specific disciplines assigned in your District. The on-site Clinical Manager is the liaison between the clinicians and your District administration, as well as between the District and SSG.

Option 3: Program Management

This option includes our SSG Staffing Services and Dedicated On-Site Clinical Management above, plus program management assistance with a full-time Program Manager to help guide District administration with the development, allocation planning, caseload coordination, and implementation of staffing coverages needed for a specialty program or department within the District.

SSG Managed Services Program (MSP)

If desired, any of the service delivery options listed above can also be paired in conjunction with our SSG Managed Services Program (**MSP**). This approach may help the District to maximize the delivery of special education, therapy, nursing, and autism/behavioral support services and reduce the possibility of unfilled vacancies by selecting one primary vendor. In this approach, SSG would serve as your MSP and would work with other vendors who provide similar services to maximize service delivery. Therefore, you would have one primary vendor, one contract, one point of contact, one invoice, and one payment, but you have access to multiple agencies, all working to fill your vacancies.

The key **values in using the SSG MSP** are as follows:

- No additional cost to the District
- One primary vendor
- One contract
- One point of contact
- Access to multiple vendors
- One process
- One invoice/one payment
- Access to a larger candidate pool of hard-to-find specialized professionals

Districts that have used our SSG MSP approach find that using this type of technology and having access to multiple vendors is a more strategic and efficient way to fill their multiple staffing vacancies throughout the school year.

The Stepping Stones Group MSP

KEY PERSONNEL

The Stepping Stones Group uses a collaborative approach to ensure that the highest level of service and support is delivered to our school district partners, our employees, and the students served. We refer to this collaborative approach as our **Triad** model, and it is a cornerstone of our company culture.

SSG unifies all areas of District support into a dedicated **Triad** team. This elevates our focus, proficiency, and quality as we work together to deliver excellent customer service to our clients and clinicians. This focused collaboration is our framework for consistent communication, contribution, transparency, and trust. It is the foundation of our client and employee relationships.

Responsibilities for each **Triad** team member are highlighted in the summary below:

Jessica Little, M.Ed. – Client Services Manager

Jessica is a former Student Services Coordinator in the state of Virginia and comes to us with a dedication to special education and K-12 SPED leadership. She was a Special Education teacher in the public-school system for eight years and served as Student Services Coordinator for five years. Jessica has supervised related service providers and special education staff, provided extensive professional development opportunities, collaborated with multi-disciplinary teams for community outreach projects, and spearheaded program development for students with Autism in her previous local district. She is an advocate for students with disabilities with a focus on improving district-level programs for this purpose.

Courtney Atkinson – Career Service Manager

Courtney has over 6 plus years of recruiting experience in all disciplines. She has 10 years of experience in sales but enjoys making connections and helping people improve their livelihood. Courtney has used her military experience and Master’s degree in HR to connect with all walks of life and to be that chameleon when it comes to recruiting. Courtney works tirelessly to find qualified candidates in a timely manner.

Lisa Falkenstein, M.S., OTR/L – Clinical Manager

Lisa Falkenstein is a highly qualified OT with 25+ years of pediatric experience. She has worked in a variety of settings, including a children’s hospital, inpatient and outpatient rehabilitation facilities, private clinics, homes, and schools. She has also mentored certified occupational therapy assistants (COTAs), new therapists, and students. Lisa combines her experience as an OT with her school district experience. She manages and directs our occupational and physical therapists for a variety of school system accounts. She

conducts new therapist orientations and assists in transitioning therapists to the school setting. As a contact for HCPS, Lisa works to ensure quality service is provided to the district on all levels.

CLINICAL MANAGEMENT RESUMES

We have provided resumes on the following pages. The first resume is for Jessica Little, Client Services Manager, and the second resume is for Lisa Falkenstein, Clinical Manager. We believe the resumes of our current staff demonstrate the quality and experience of SSG clinicians.

CLINICIAN RESUMES

Upon award, we would select members from our current team or screen and hire new team members that meet the requirements of this RFP to provide services for the District. More specific information about our Recruiting and Hiring process is detailed in Tab V – Implementation Plan. We have included resumes of clinicians currently employed in HCPS, as well as sample resumes of clinicians. If selected as an awarded vendor, we anticipate having more resumes to provide to the District and will begin recruiting for any openings.

We ensure that all candidates have valid Virginia licenses and certifications and pass rigorous background checks prior to the hiring and onboarding process.

IMPLEMENTATION PLAN

Once awarded a contract with Henrico County Public Schools, SSG will follow the steps and schedules outlined below to ensure the successful delivery of services. We will maintain open and frequent communication with District staff to ensure a seamless transition from a clinician’s hire date to their first day of assignment.

Overview of Process

Before Award

- Begin building a pipeline of candidates in anticipation of awarded contract
- Review compliance procedures including necessary certificates, fingerprinting, TB tests, etc.

Awarded Contract

- Submit signed contract and insurance documents
- Identify District’s staffing needs, priorities, and preferences
- Begin interviews with candidates to be presented to the District
- Submit clinicians to the District for consideration

Placements

- Verify clinician’s credentials (state licensure, certification, etc.)
- Run all necessary compliance per District regulations (fingerprint clearance, identification badge, background check, TB test, etc.)
- Onboard clinician per SSG policies
- Clinical Manager to assist with setup, scheduling, documentation, and IEP review on the first day of all placements at no additional cost to the District
- Clinician begins assignment at the District

Account Management

- Establish process for invoicing and contract compliance
- Provide ongoing management of clinician placements
- Provide ongoing clinician supervision, support, and mentoring
- Monitor and evaluate clinicians to ensure quality performance
- Establish District’s preferences for the provision of training or CEU events
- Communicate regularly with District personnel

Roles and Responsibilities

Execution Strategy for Delivery of Special Education Services

1st week

- Learn District expectations, policies, and procedures
- Obtain caseload from the District
- Set up room for services
- Set up logins
- Review student files and/or IEPs
- Create service schedules
- Meet District team and other staff
- Introduce and build rapport with teachers and building administrator/principal
- Obtain list of IEPs and Evaluations that are due within first month
- Start service delivery

30 days

- Ensure all trainings are complete on tracking and managing as well as billing for services
- Connect with case managers to plan for upcoming IEPs
- Check for screening referrals from previous school year and schedule initials
- Make an IEP calendar for the remainder of the year (initials, triennials, etc.)
- Services for all students must be in progress
- Collaboration with teachers and other IEP team members
- If irregularities are noticed within IEP, meet with case manager to hold a possible amendment

- Complete service documentation per District expectations/guidelines
- Establish evaluation deadlines for the school year
- Attend IEPs, if applicable

60-90 days

- Complete Progress Reports per District timeline
- Meet with administration to ensure the District requirements are met to date and adjust if needed

90+ days

- Plan for makeup sessions
- Plan for therapy during District testing weeks, etc.
- Between 90-180 days, especially during the "IEP Season," meet the team and plan in advance to meet the compliance deadlines for annuals and especially evaluations

End of the school year

- Obtain information about the closing procedures
- Prepare documents/files giving information about the caseload, location of service delivery, location of files and student folders, and contact person in the school
- Ensure Medicaid documentation is up to date, if applicable
- Complete all scheduled IEPs
- Meet with the District management team to review District staffing needs and assignments, etc.

Progress Reports

SSG has included a sample of a Speech/Language Progress Sheet that our clinicians may use to track an individual student’s progress. District-wide, SSG clinicians would complete progress reporting utilizing the HCPS electronic IEP system.

SLP Availability

Our speech-language therapy services can be provided to HCPS for 37.5 hours per week.

Common Staffing Problems and SSG Prevention Strategies

Absences	SSG is committed to providing students with high quality, educationally relevant therapy services, and we will exhaust our options to prevent interruptions in service. If a clinician is absent for several, consecutive days, SSG will make every effort to find a substitute clinician. We have a database of clinicians looking for short-term assignments, and we also turn to recently retired clinicians to help fill leaves.
Preventing “No Show” Assignments	To prevent “no show” assignments, SSG provides a thorough pre-screening during the recruiting and hiring process and a high level of staff support once the candidate begins his or her assignment. It is an SSG standard operating procedure for the Career Services Manager to regularly connect with the clinicians via phone, email, or direct visits to provide support and verify that they are succeeding in their roles.

<p>Personnel Performance Issues</p>	<p>The Client Services Manager will also regularly connect with the District to ensure that our clinicians are meeting the needs of the District. If a District identifies any performance-based deficits or challenges with a clinician, the Clinical Manager will address the issue immediately and discuss the reported deficits with the clinician. It is our policy to be proactive in obtaining the facts of the matter and working with the District for a timely and positive resolution whenever possible.</p>
-------------------------------------	---

- The Client Services Manager maintains regular communication with the SLP supervisor to monitor therapist performance.
- Together the SLP supervisor and Client Services Manager determine the best intervention and course of action once any performance issues or concerns are identified and communicated to the account executive.
- This could include the provision of
 - additional support from the Clinical Manager assigned to the therapist
 - Performance Improvement Plan developed by the Client Services Manager, Clinical Manager, and District supervisor
 - If absolutely needed, termination of the current therapist and replacement. SSG will begin immediately recruiting on a best-effort basis to identify candidates to replace the current therapist with the utmost urgency.

SSG has included a copy of the On-Site Performance Evaluation form used by the Clinical Manager to assess the SLP’s performance.

Supervision

SSG consistently monitors its staff to ensure that we consistently provide high quality clinicians and that we meet the needs of the District. The Clinical Manager will conduct meetings and care calls with SSG clinicians to provide support and verify that they have developed a comfort level and a level of confidence in their roles. The Clinical Manager will also regularly connect with District staff via phone, email, or direct visits to confirm that our clinicians are meeting the needs of the District.

Communication

District staff can contact any SSG team member, including SSG corporate staff, via phone or email at any time. We will also communicate regularly with District personnel to identify and address any new needs, review the services being provided, and address any questions. We will respond to your communications and requests in a timely manner and work quickly to solve any problems. Finally, we will be sure to follow up on any issues to ensure that the appropriate changes have been made to address the situation.

HCPS’ Role

HCPS will need to provide SSG with the service needs of the district and provide orientation for the SSG clinician(s).

AGREEMENT

This Agreement is made and entered on June 24, 2021, by and between The Stepping Stones Group LLC, 2586 Trailridge Drive East, Suite 100, Lafayette, CO 80026 hereinafter referred to as “Contractor” and, Henrico County Public Schools, 8600 Staples Mill Rd., P.O. Box 90775, Henrico, VA 23273-0775, hereinafter referred to as “School District.” It is hereby agreed as follows:

SERVICES, RATES AND BILLING: Contractor agrees to provide the services, at the designated rates, as listed in Appendix A to this Agreement.

School District agrees to be billed (except during holidays) by Contractor for up to 40 hours per week for each of Contractor’s employees, unless agreed otherwise. No employee of Contractor will work above 40 hours per week without advanced authorization from both Contractor and the designated supervisor assigned by School District. Any hours worked that are considered overtime by state or federal law will be billed at 150% of bill rate. School District will not be billed during school closures and school holidays.

When Statutory Costs and other employee costs of living increase, Contractor will pass those increases along to School District with no mark-up. School District agrees to pay such increases at the same time as any billed fees pursuant to this Agreement. Statutory Costs include any costs and expenses of Contractor that are associated with Workers Comp, FICA, FUTA, SUTA, and incremental costs associated with the Affordable Care Act (ACA), among others.

TRAVEL TIME & MILEAGE: To the extent applicable, travel between schools will be considered billable time.

PAYMENT TERMS: School District will be billed every two weeks via email and agrees to pay all outstanding invoices within 30 days of receipt. School District agrees and understands that School District is billed on actual hours of service provided by the Contractor’s employee, based on the total hours listed on a biweekly timesheet. To ensure billing accuracy and timeliness, School District will complete the Billing Details just above the signature section of this Agreement.

A finance charge of 1.5% per month on the unpaid amount of an invoice, or the maximum amount allowed by law, will be charged on past due accounts. Payments by School District will thereafter be applied first to accrued interest and then to the principal unpaid balance. Any attorneys’ fees, court costs, or other costs incurred in collection of delinquent accounts shall be paid by School District. If payment of invoices is not current, Contractor may suspend performing further work.

EMPLOYEE BENEFITS AND INSURANCE: Contractor will be responsible for providing all employee benefits and insurance including Workers' Compensation coverage.

NO SOLICITATION: During the term of this Agreement and for a period of two years after the termination of this Agreement, School District agrees not to directly or indirectly contract with, offer employment to or hire any employee of the Contractor assigned to School District or any candidate submitted by Contractor to School District. School District agrees that liquidated damages may be assessed and recovered by Contractor.

CONFIDENTIALITY: School District agrees not to provide the content information of this Agreement to any individual or an entity that may be considered a competitor of the Contractor. School District further agrees not to discuss or disclose any information pertaining to the contents of this Agreement including but not limited to fees/costs, duration and terms, etc. to the Contractor's employee assigned to provide services to the School District. Disclosure of such information to the Contractor's employee will be considered a breach of this Agreement. Both parties may receive information that is proprietary to or confidential to the other party or its affiliated companies and their clients.

Both parties agree to hold such information in strict confidence and not to disclose such information to third parties or to use such information for any purpose whatsoever other than performing under this Agreement or as required by law. No knowledge, possession, or use of School District's confidential information will be imputed to Contractor as a result of any of Contractor's employees having access to such information. The provisions set forth in the foregoing paragraph and this paragraph shall survive expiration or other termination of this Agreement, regardless of the cause of such termination.

COOPERATION: School District agrees to cooperate fully and to provide assistance to Contractor in the investigation and resolution of any complaints, claims, actions, or proceedings that may be brought by or that may involve any employees of Contractor.

TERMINATION: This Agreement will end on July 31, 2022 and may continue beyond this period by mutual consent. School District agrees not to terminate the Agreement until the end of the term unless (a) Contractor's employee assigned to School District as a whole is deficient in performance of the services hereunder or (b) any employee of Contractor assigned to School District commits an act of professional or ethical misconduct. School District agrees to notify Contractor of any deficiencies in services or possible ethical or professional conduct as soon as School District becomes aware of such deficiencies or misconduct and further agrees to permit Contractor the opportunity to cure any deficiency or misconduct within thirty (30) days of such notice in lieu of termination of this Agreement. Contractor may terminate this Agreement (i) if School District discontinues operations or (ii) if School District fails to make any payments as required by this Agreement.

INDEMNIFICATION AND LIMITATION OF LIABILITY: To the extent permitted by law, Contractor will defend, indemnify, and hold School District and its parents, subsidiaries, directors, officers, agents, representatives, and employees harmless from all claims, losses, and liabilities (including reasonable attorneys' fees) to the extent caused by or arising from Contractor's breach of this Agreement; its failure to discharge its duties and responsibilities; or the gross negligence or willful misconduct of Contractor or Contractor's officers, employees, or authorized agents in the discharge of those duties and responsibilities.

To the extent permitted by law, School District will defend, indemnify, and hold Contractor and its parents, subsidiaries, directors, officers, agents, representatives, and employees harmless from all claims, losses, and liabilities (including reasonable attorneys' fees) to the extent caused by or arising from School District's breach of this Agreement; its failure to discharge its duties and responsibilities; or the gross negligence or willful misconduct of School District or School District's officers, employees, or authorized agents in the discharge of those duties and responsibilities.

Neither party shall be liable for or be required to indemnify the other party for any incidental, consequential, exemplary, special, punitive, or lost profit damages that arise in connection with this Agreement, regardless of the form of action (whether in contract, tort, negligence, strict liability, or otherwise) and regardless of how characterized, even if such party has been advised of the possibility of such damages.

As a condition precedent to indemnification, the party seeking indemnification will inform the other party within ten (10) business days after it receives notice of any claim, loss, liability, or demand for which it seeks indemnification from the other party; and the party seeking indemnification will cooperate in the investigation and defense of any such matter.

The provisions in this section of the Agreement constitute the complete agreement between the parties with respect to indemnification, and each party waives its right to assert any common-law indemnification or contribution claim against the other party.

JURISDICTION: This agreement shall be governed by, construed, and is enforceable in accordance with the laws of the Commonwealth of Virginia. Any action or proceeding relating to or arising out of this Agreement shall be commenced and heard in the State or Federal Court sitting in Commonwealth of Virginia. Both parties hereby consent to the jurisdiction and venue of such courts.

GENERAL: No provision of this Agreement may be amended or waived unless agreed to in writing and signed by the parties. The provisions of this Agreement will inure to the benefit of and be binding on the parties and their respective representatives, successors, and assigns.

RECRUITING AND HIRING

With over 32 years of experience in providing therapeutic and behavioral services, The Stepping Stones Group (SSG) has established a unique approach to recruiting qualified personnel. Recruiters will review District provided job details and identify candidates that match the District's preference in terms of required licensure, credentials, availability, previous experience, knowledge, and flexibility. Within our thorough screening process, we also look beyond basic tangible skills. We qualify clinicians based on their professionalism, presentation, demeanor, positive mindset, and their desire to work with children with special needs. Our priority is to provide our school district partners with highly qualified, passionate clinicians that best match their needs.

By strategically structuring our recruitment team, our clients have dedicated recruiters that are subject matter experts in hiring for their areas and markets. For example, our senior recruiters have over 10 years of experience. This allows for fast, quality results and direct target marketing for candidates that fit their needs.

Request for Candidates

- SSG will receive a request for a clinician or educator from your Special Education Department via email, phone, or in-person visit.
- We will respond immediately, and within no more than 24 hours, with acknowledgement of the request and/or request for clarification.
- We will work closely with your District to review the caseload to determine any specific needs to ensure a successful placement.

Steps to Identify Candidates

- Search our database for candidates who match the job specifications
- Conduct local and online job database searches for candidates
- Launch marketing campaigns through email, referrals, mailings, and social networks
- Participate in state and national conferences, such as AOTA, ASHA, APTA, and NASP
- Connect with colleges and universities for alumni and recent graduate leads
- Attend career days and career fairs at universities and surrounding feeder states
- We have developed a University Relations Program, dedicated to identifying new graduates who want to pursue a career in providing special education, therapeutic, and behavioral health services.
- It should also be noted that we hire many employee referrals, which is a testament to our high level of employee satisfaction.

Once a Candidate is Identified

- Recruiter completes a preliminary interview
- Recruiter reviews candidate's resume, confirms job history, and verifies licensure
- In select situations, SSG Clinical Manager conducts a Clinical Interview to screen the candidate and to determine the candidate's skill level. Candidates are chosen for their education, experience, specialty, flexibility, values, professionalism, and alignment with District specific selection criteria.

Once a Candidate is Deemed Appropriate for Submission to District

- Recruiter or HR conducts professional reference checks
- Recruiter obtains permission from the clinician to submit resume to the District

- Clinician is submitted to the District for consideration

Orientation

SSG provides each clinician with a comprehensive orientation, a detailed Employee Handbook, excellent support, and opportunities for mentoring when needed. It is our desire that SSG clinicians become an integral part of the culture of the schools and districts they serve. SSG will work with the district to obtain information regarding their policies, procedures, and documentation requirements. We will then provide direction, training, and guidance to ensure our clinicians learn this important information.

SSG will make every effort to educate, instruct, and monitor its clinicians to ensure they are following all district standards. This will include policies regarding dress code, wearing identification badges, following safety protocols, completing time logs, attending required meetings, recording data, etc. Specifically, SSG will review the Contractor Responsibilities set forth in the contract with its clinicians. We will work to ensure that all SSG clinicians follow these requirements and maintain a professional presence. We will also provide ongoing support to our clinicians to ensure that all district rules and regulations are being followed.

Training

SSG provides district and state mandated training for its clinicians to ensure they maintain compliance, as well as additional training that SSG has determined is beneficial. Examples of training include: SSG Orientation, Autism/Behavior Support training for certain disciplines, AB 1172 training for California employees, and COVID training for NY employees. In addition to technical training, we also provide more generalized training that will help our employees be successful in school-based placements. Topics include soft skills, professionalism, and managing difficult situations. These training modules are housed in SSG's learning management system, Bridge Academy. Training is geared to those that are new to schools, as well as experienced clinicians.

QUALITY CONTROL

Compliance Requirements

Our dedicated SSG Compliance Department ensures that our clinicians meet all credentialing requirements before they are permitted to start working and performs ongoing checks to ensure that clinicians maintain these requirements throughout their assignment period.

Verification of Credentials

Required credentials will vary by specialty, level of expertise, school district, and/or state. Our Compliance Department will follow necessary regulations to verify that each SSG clinician meets the requirements to perform services in the District. Any state licensure, state certification, national certification, or professional certification for our SSG clinicians is confirmed to be Active and in Good Standing through the issuing agency. Credentials of our SSG staff are validated directly through issuing agencies using their online database and copies of each are maintained securely within our HR Department for reference.

Ongoing monitoring is managed by validating updated license or certification records at each expiration/renewal period. Our Compliance Department also provides proactive reminders to our staff well in advance of any credential expiration to prevent any lapse in their license or certification.

District Compliance Requirements

We will obtain confirmation from the District regarding your contract provider requirements before they are allowed to begin work on campus and with direct interaction with students. These requirements may include items such as a school district or state fingerprint clearance, district-issued identification badge, criminal background checks (federal, state, county, child abuse registries), Tuberculosis test, or drug screenings. In addition, we will follow the District procedures regarding any periodic or routine checks required for ongoing compliance of these requirements.

SSG Employee Onboarding

SSG clinicians are our employees and as such, our Compliance Department ensures that our staff meets our SSG onboarding requirements before they can begin work. These requirements include an additional background screen, I9 Employee Eligibility Verification, Federal and State tax withholding forms, and other company-related items.

CLINICAL OPERATIONS DEPARTMENT

The Stepping Stones Group provides Clinical Operations support and expertise in all states, for all of our service cohorts, which include: Related Therapy, Related Behavioral, Education, School Nursing, and Autism. Our clinical managers are experienced in and provide support for over twenty therapy, special education, and behavioral health disciplines.

Regional Directors and Clinical Managers

Regional Directors oversee day-to-day clinical operations for their regions. They lead, manage, and support a team of Clinical Managers assigned to the region. Regional Directors provide guidance to their Clinical Managers and assist them with any problem solving or performance concerns that impact our employees. They also promote quality and consistency across the region.

Clinical Managers are the face of the company! These clinical leaders will provide individualized support, guidance, and mentorship to clinicians we place in the District. Every SSG employee is assigned to a Clinical Manager. They provide tools and resources for our clinicians, so they are confident in delivering excellent services to the students they serve. The list below summarizes the Clinical Manager's roles and responsibilities.

Clinical Manager Roles & Responsibilities:

- Complete candidate screenings and clinical interviews to identify quality candidates

Training and Development Program

Our ***Pathways to Success Program*** provides clinicians with individualized support, engagement opportunities, access to online continuing education resources, and mentoring through three unique programs - Bloom, Foundations, and Bridge Academy - which are described below. Whether our clinicians are new graduates, new to schools, or experienced school-based clinicians, SSG will provide them with the support and resources needed to be successful. Our Training and Development Program is led by Christine Dukes, CCC-SLP, SVP Quality, who has over 25 years of experience in education, recruiting, and management.

Bloom Clinical Fellow Program

Bloom is designed specifically for new CF-SLPs making the transition from student to practicing clinician. Our goal is to provide an unparalleled First-Year experience through a variety of resources, mentorship, and professional training that will empower clinicians throughout their career.

Highlights include:

- *Licensure application assistance and monitoring*
 - *Assist in assigning a CF Mentor to each Clinical Fellow*
 - *Provide state licensure information and application guidance*
 - *Monitor status of license to ensure compliance*
- *Professional Toolbox*
 - *Super Duper discount*
 - *Monthly training and development opportunities*
 - *CF Guide*
 - *Summer Series (8-week resource available throughout the year)*
- *Customized care and support from the Bloom Support Team*
- *Community engagement: Monthly Roundtable Discussions*
- *Bilingual CF-SLP support and guidance*

Foundations Mentoring Program

Foundations is a mentoring guide developed for employees who are new to the school environment, including new grads and therapists transitioning from other settings. It consists of a series of learning modules on Bridge Academy that helps clinicians navigate the complexities of working in school systems. Foundations can be self-guided or completed with an identified mentor.

Highlights include:

- *Caseload Management – Systems and Scheduling*
- *Time Management - Treatment, Meetings, and IEPs*
- *IEPs - Navigating the Process*
- *Service Delivery Models*
- *Assessments, Report Writing, and Documentation*
- *Professional Etiquette*

Bridge Academy – Continuing Education and Training Program

We know the importance and value of continued education and the prominent role it plays in contributing to the professional growth of our clinicians and the children they serve. Bridge Academy, our online training and development platform, hosted by industry-leader Absorb LMS, provides the tools and resources to continue professional development throughout a clinician’s career and at **no cost** to the district.

Highlights of our development and training program include:

- *Experienced professional development team representing SLPs, OTs, School Psychologists, Nurses, Behavioral Staff, and more*
- *Webinars with a defined and discipline-specific curriculum provide opportunities to earn CEUs and CPDs*
 - *SOG is an ASHA, AOTA, and NASP approved continuing education provider*
 - *Live webinars provided monthly*
- *Library of recorded webinars available, including introductory courses with a variety of topics applicable to multiple disciplines*
- *Practical/Printable information including Monthly Toolkits, therapy ideas, and resources*
- *State and District specific required training*
- *Houses our Foundations program, Summer Series curriculum, Teletherapy Toolkit, Monthly CF Roundtables, and more!*
- *Dynamic reporting and course completion certificates available*

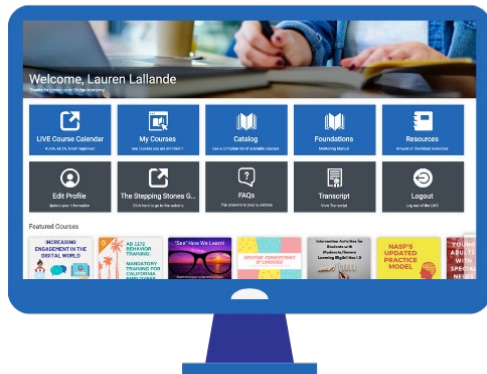

A calendar of events is thoughtfully created each school year, so the content is fresh and applicable. In addition to monthly webinars, courses are created to meet specific requirements at the state and District level. Bridge Academy allows for robust tracking and reporting to ensure clinicians have completed their required training prior to start.

Our multidisciplinary, professional development team creates and presents content to ensure our clinicians have access to free, convenient, and appropriate training resources. Our Professional Development team consists of qualified and experienced clinicians, who also act as Clinical Managers.

District Professional Development

To show our appreciation of your business, SSG offers our school district clients and their staff access to **Bridge Academy** at no cost. Select recorded webinars, which are eligible for ASHA, AOTA, and/or NASP CEUs and CPDs, will be made available to you and your special education staff three times throughout the school year. These courses can be done either individually or in a group setting, depending on the continuing education needs of your district.

In 2020 alone, we offered 300 districts access to our exclusive webinars, with employees earning over 1,000 CEUs through Bridge Academy. Below is the calendar of webinars that are being provided for the 20/21 school year.
