11. <u>Other</u>

Scholastic requests an annual price review, but can affirm that if prices increase, cost will not exceed more than 3%, as stated in solicitation.

- 1. Extended School Service Coverage- HCPS wishes to modify the scope of services for the resultant contract to include all grade levels Pre-Kindergarten through 12th Grade for all HCPS schools, centers, academies, etc.
 - Ok, we understand. That's not a problem to extend the grades/ages being covered. We can recommend books and their associated costs for any grade/age as requested (PreK-12).
- 2. Book labeling- With the change outlined in Item No.1, labeling requirements will require flexibility. Labeling requirements for Title I schools remain the same. However, HCPS requests for labeling of all other materials to be included with specific labeling text to be determined on an as needed basis and communicated to Scholastic through our sales representatives when placing an order. Additionally, the original proposal submitted by Scholastic states that labeling will be charged at a rate of \$0.25 per label. HCPS requests for this fee to be waived and labeling included at no charge. This will be for one (1) label only for each book.

Scholastic will honor one free label per book.

- 3. Inside Delivery- Please confirm that all deliveries will be inclusive of inside delivery at no additional charge.
 - Yes, inside delivery is fine. Please note that "inside delivery," as defined by the industry, is inside the threshold of the building and Scholastic will comply with that standard on all deliveries.
- 4. Storage Bins- Scholastic's original proposal states that "free bins for purchased classroom libraries" and specific grade-band breakdowns are provided that state when free bins are provided. Depending on the needs of individual classrooms, complete classroom libraries may not be purchased. However, storage bins may still be required. What discount is being offered for the purchase of bins?
 - Scholastic offers Henrico a 25% discount on purchase of the red bins.
- 5. Professional Development Training and Materials- Please confirm that Scholastic offers professional development training courses. Please provide the scope of these courses, fees for these courses, both in-person and virtual training. Are there professional books available, and what discount is Scholastic offering for a standalone purchase of the professional books?
 - Yes, Scholastic offers professional training courses. We have many courses to choose from and all courses can be delivered in either a face to face or virtual format. Prices vary based on selected presentation format (in-person vs. virtual). For a half-day workshop delivered virtually, the cost per group of 30 participants is \$1998.00. For in-person delivery, the half day cost is \$2,999 and the full day workshop cost is: \$3,499. Any named workshop or webinar can host 30 persons per trainer. Select courses that we believe are relevant to your literacy focus include:
 - Getting Started with Structured Independent Reading

Tab 2 Statement of the Scope

TAB 2 – STATEMENT OF THE SCOPE

The Successful Offeror(s) shall provide all labor, materials, books, an ordering method, delivery and setup for the purchase of new libraries, expansion of current libraries, and replacement of portions of the libraries already in place.

Yes, Scholastic's proposal submission meets these requirements. Additionally, Scholastic has been working in partnership with Henrico County Public Schools to provide high-quality books that meet the needs of this RFP since 2017. Scholastic would like to continue this collaboration.

Scholastic's knowledgeable team helps administrators and teachers:

- Make decisions to immediately improve print- and content-rich classroom learning environments
- Understand how a high-quality classroom library is central to the goals of the reading program
- Determine the quality of the district's existing classroom libraries
- Identify the professional development needs around effectively using a wide range of multi-genre, multiformat books and digital texts to reinforce superior literacy instruction

Scholastic has developed a highly experienced team that has provided services to school districts for several decades. Scholastic holds a unique position in the marketplace because of its unique distribution channels for publishing and licensing rights to children's books. Scholastic is neither a typical publisher, who is limited to distributing just their titles, nor a jobber who often lacks the deep instructional expertise that is necessary to publish and market leading instructional programs in the K-12 market. It is this unique market position that allows Scholastic to offer the County of Henrico the expertise to curate classroom libraries that are aligned to Virginia standards or to any scope and sequence that is needed while also providing "classroom ready" labeling services customized to the precise requirements of the County of Henrico. Improved student outcomes will result from making high-quality classroom libraries available to the County of Henrico students, but it is also understood that the libraries need to be organized and inventoried so that the investment the County of Henrico makes will be protected and utilized to its full potential by both teachers and students.

The team that will bring the work of this RFP to fruition will be led by local Senior Account Executive Kimber Pennington—a veteran sales professional who has experience in classroom markets and customization, and who has established a relationship with HCPS in working to meet your needs for books with the previous RFP—and Director of Operations, Irene Malcolm. She will oversee the County of Henrico order should Scholastic be awarded, including forecasting, planning, order processing, and fulfillment. Scholastic has experience in fulfilling multi-million-dollar classroom library projects in several large school districts. Irene and the sales operations team work closely with Kimber Pennington and sales management to develop the project plan in collaboration with the County of Henrico.

The sales operations and sales team must work across many functional areas, but especially Supply Chain and Order Fulfillment (including processing departments). Scholastic National Service Organization (NSO) provides superior warehouse and fulfillment services. Many of the team members that would be working on the County of Henrico solution also worked on the highly complex and high-profile distribution of the seven Harry Potter books — the highest selling children's books in history. These books were distributed from the NSO facility in Jefferson City, MO.

The team is highly tuned, but it begins with a solid plan that is worked out in partnership with the customer. Scholastic has the experience over many projects to know that a good plan backed by a strong partnership characterized by compromise and mutual respect will go a long way in assuring a successful implementation. Scholastic has proven that the Company can do it successfully many times for many large districts and can continue to do so for HCPS.

Tab 3 Offeror Qualifications and Experience

TAB 3 - OFFEROR QUALIFICATIONS AND EXPERIENCE

In this tab, Offerors should demonstrate the Offeror's, and their staff's, qualifications and experience in providing the services as requested in this Request for Proposal.

Scholastic would be honored and privileged to partner with the County of Henrico for this initiative. Scholastic is ideally suited to provide Classroom Library Book Services to the County of Henrico Public Schools for the following reasons:

- The company has over 100 years of experience in providing classroom books to school districts around the
 country. Over the years, Scholastic has fine-tuned order processing and customer service to a high state of
 performance.
- Local Senior Account Executive, Kimber Pennington, who has over 11 years' experience of working with
 districts across the state of Virginia and Washington D.C., will be the sole point of contact for the County of
 Henrico for customized service; she will also do a personalized classroom library analysis when requested.
- Kimber Pennington also arranged a) the involvement of the Director of Operations, Irene Malcom, in the Scholastic response to this RFP from the beginning to facilitate the completion of the orders should Scholastic be awarded, and b) the assistance of a team of Scholastic educational experts to create the title list according to the specifications.
- Scholastic provides authentic books by renowned authors and award-winning illustrators that are highquality and enjoyed by teachers and students nationwide. Scholastic continually adds new titles every year, and our proposed list includes new titles.
- Scholastic custom collection services are designed to ensure all collections adhere to the research-based benchmarks for what constitutes an effective classroom library.
- Scholastic has a huge warehouse and inventory that maximizes choice, keeps backorders to a minimum, and allows large-scale orders, such as those for new schools or back-to-school orders, to be a stress-free reality.
- The Scholastic Teacher Store is a high-quality, popular, convenient website with customer-friendly search functionality and detailed descriptions of books; however, local Senior Account Executive, Kimber Pennington, is available at any time to assist in quotes or facilitate the placement of an order.
- Scholastic is offering 25% or higher discounts from list price on books and free shipping
- Scholastic provides for the whole child, the whole teacher, the whole school, and the whole district to ensure that all needs are being met within the capabilities of the company and contract requirements.

Please also see the Value Added section in TAB 6 – Pricing Schedule/Cost Proposal.

Offerors should provide, at a minimum, documentation demonstrating that they are regularly engaged in supplying classroom libraries, have been a provider of such materials and services to public school divisions in Virginia for no less than three (3) years, can provide quality paperback books with a variety of grade-appropriate literary content and levels in a mixture of genres, and have experience in analyzing current classroom libraries and school data to determine the appropriate needs without duplication of titles across grade levels.

Scholastic Inc. has been in existence since 1920 and is the world's largest publisher and distributor of children's books, a leading provider of print and digital instructional materials for Prekindergarten to grade 12, and a producer of educational and entertaining children's media. Through our collaboration with thousands of schools and organizations, Scholastic's Education division is pleased to be recognized as an active literacy partner in providing educators with professional development services, *Scholastic Learning Supports*, and Family and Community Engagement (FACE) programs and services. The company creates quality books and eBooks, educational materials and programs, and other products that, in combination, offer schools customized and comprehensive solutions to support children's learning both at school and at home.

Scholastic seeks to foster literacy and to strive for excellence in all fields of learning and literature, while respecting the worth and dignity of each individual student and educator it reaches. Scholastic operates in 13 countries and exports to more than 150 countries around the world, bringing high-quality books and researched-based educational materials to children in more than 40 languages. Every year Scholastic ships hundreds of millions of books and educational products worldwide. Scholastic has been regularly engaged in supplying classroom libraries across the nation for decades.

Scholastic will demonstrate in this section of the proposal that the Company:

- Has been a provider for classroom libraries in Virginia for 10+ years
- Can provide quality paperback books with a variety of grade-appropriate literacy content and levels in a mixture of genres
- Has a team of educational experts, based primarily in Virginia, whose job is to create customized lists for districts to meet their needs—including not duplicating titles across grade levels—and correlate books to state academic standards
- Has a state-of-the art warehouse with Value-Added Processing that can meet the specific requirements of the County of Henrico
- Has experience in analyzing current classroom libraries and school data to determine the appropriate needs, along with personalized consultation and customization from local Senior Account Executive, Kimber Pennington
- Works with districts on classroom library initiatives across the country and is providing in this section of the RFP three case studies to illustrate the range of our ability to work with County of Henrico

Experience Providing Classroom Libraries in Virginia

Scholastic has been a provider of classroom libraries in Virginia for many years. Local Senior Account Executive Kimber Pennington has been working closely with school districts in Virginia and Washington D.C. since she started working for Scholastic in 2011, including work over the past four years with Henrico schools.

She has worked at the district level and the individual school level to customize classroom libraries around curricular needs, leveled reading needs, and student interest. The photographs in this section are from Virginia classroom libraries that Kimber Pennington has personally customized.

RFP No. 22-2441-11ARA Classroom Library Book Services - HCPS

The district contacts listed in *TAB 4–References* will attest to their satisfaction with their Scholastic experience and Kimber's commitment to service:

- Campbell County Public Schools (VA)
- Maryville City Schools (TN)
- Petersburg City Schools (VA)
- Houston ISD (TX)

The purchases by these districts include customized classroom libraries similar to those requested by the County of Henrico RFP. And, it goes without saying that Henrico has worked closely with Scholastic over the past four year to utilize the prior classroom library bid from 2016-2017 to build out classroom libraries. The District is therefore very familiar with our work in this arena.

Quality Paperback Books Through a Team of Educational Experts

Scholastic has a strong, comprehensive team of educational and literacy experts who have worked diligently since 1994 to identify only the best fit books to make available to schools/districts for purchase. The combined talents of this team, including individuals with long histories in the schools, with publishing, book purchases, and literacy instruction, allows them to hand pick books that are authentic, motivational, and able to attract readers at levels of skill and interest.

The customized list provided in this RFP submission was completed by experts from this team who specialize in operational book lists for schools, in partnership with your Virginia Account Executive, Kimber Pennington, who understands your district well (due to prior classroom library work over the past four years). This team has taken into consideration the expressed needs of the County of Henrico as stated in this RFP.

Educational Experts Use Research-Based Benchmarks to Develop Customized Classroom Libraries

Access to books is essential for nurturing reading achievement, and Scholastic classroom libraries provide students access to a wide variety of authentic trade books. Creating the most effective, targeted, standards-based independent reading libraries is expertly done by Scholastic professionals and educators.

As evidenced in the current bid, Scholastic has recommended 300 titles per grade level (PreK-8), along with separate lists of "other" collections of interests. These separate collections include Spanish and bilingual books (a stand alone pricing sheet for these collections), as well as other high interest, pre-curated collections that schools/classrooms may wish to purchase on top of their selected 300 titles per grade level.

Scholastic can comfortably promote these "other" collections because of the care and value placed on curating each collection in advance of this solicitation. Books included in pre-curated collections have been read, reviewed, and evaluated for content, accuracy, authenticity, text features, literary elements, age appropriateness, and curriculum value. The books among our 300-book titles lists, as well as the books in the optional "other" collections represent high quality, content-rich, high-interest, leveled, complex texts that are new, popular, favorites and classics across fiction and nonfiction. Scholastic curated collections include literature that inspires, informs, entertains, and educates students. This literature is also culturally responsive and authentic, as Spanish language books are transadapted rather than "translated," which ensures that the text stays true to the original, authentic text.

Scholastic Warehouse and Operations

Scholastic is able to draw on its over 100 years of experience and vast resources to maintain low overhead, efficient order processing and warehousing, and savings based on high-volume sales to provide cost-effective services and curricular resources. This allows Scholastic to become a valued partner who can build consistency and sustainability – along with free customization to meet the curricular and budgetary needs of the County of Henrico.

Scholastic has a sophisticated "future view" system for managing our supply chain. As the world's largest children's book publisher, we have an extensive network of suppliers both internationally and domestically that can meet increasing or changing inventory needs in a short time to fulfill a customer need. Scholastic has a million square foot distribution center with a highly functioning warehouse management system that ensures our inventory is maintained, restocked, and fulfilled in a timely manner to meet customer's needs.

Scholastic has developed a unique Value Added Processing (VAP) department within the fulfillment cycle that allows Scholastic to customize an order to meet a teacher's specific needs. That customization could be a curated list of titles aligned to a district framework or a theme, adherence of labels and bar codes to assist in inventory management, or special sorting and carton labeling to enable books to be unpacked efficiently in a school and be "classroom ready" for teachers to use.

Case Studies of Partnerships that Included Classroom Library Initiatives Across the County

Houston Independent School District

Scholastic Professional has been partnering with Houston ISD for over six years: from the 2011-2012 academic year through academic year 2016-2017 (and continuing). This six-year collaboration has been marked by documented academic gains in reading achievement, successes that have been specifically attributed to Scholastic instructional guidance and augmentation of Houston ISD classroom libraries. A strong model of systematic learning, from 2011-2017, Houston ISD has utilized Scholastic professional development services, purchased supplemental products including enhanced leveled bookrooms, and established initiatives in each successive year to create a more unified approach to literacy achievement that complements Houston ISD goals, as well as individual school needs.

PARTNERSHIP WITH SCHOLASTIC PROMOTES CYCLE OF IMPROVEMENT

Scholastic began its partnership with Houston ISD in 2011-2102 academic year, through an effort to bring enhancement of the district's classroom libraries with the addition of high-quality authentic texts. The *Scholastic Professional* literacy consultant team also provided professional development in evidence-based guided reading instruction to promote instructional consistency and differentiated small-group instruction in the classroom. Changes were implemented districtwide, ensuring equitable access for all students to instructional improvements in reading.

From 2013 through 2015, Houston ISD expanded its Scholastic partnership again, purchasing an array of additional leveled libraries to compliment the establishment of its newly-implemented Literacy by 3 Initiative. Based on positive achievement scores, Houston ISD replicated its guided reading approach throughout its campuses. Houston ISD purchased *D3 Libraries*, read-aloud sets, and Spanish read-aloud titles for over 140 campuses.

Throughout this period, HISD also expanded its literacy initiative to grades 4 and 5, as well as to its middle schools, incorporating additional leveled bookrooms for pre-schools. Moreover, specific schools accessed Title I funding to purchase Scholastic coaching to ensure fidelity to the application of guided reading instructional changes, which has promoted measurable success.

INSTRUCTIONAL COACHING INCREASED USE OF PURCHASED RESOURCES

In March 2015, Montgomery Elementary School purchased a three-year *Scholastic Professional* learning plan that included instructional coaching. This school is also the first Houston ISD campus to have purchased the Scholastic *Traits Writing* program to supplement its guiding reading program. Montgomery Elementary School serves as a model of strategic comprehensive literacy planning that demonstrates how pairing Scholastic high-quality classroom libraries and supplemental resources with expert evidence-based instructional guidance and coaching combine to promote academic success. Montgomery Elementary School found that the addition of coaching to its professional learning plan increased the use of the classroom libraries by teachers and students alike, providing a more integrated literacy plan that promoted academic growth.

Following the success in Montgomery Elementary School, Houston ISD has purchased *Traits Writing* for grades 1-4 in its entire district and is exploring expansion into K-5. Moreover, Montgomery Elementary School has been chosen as a Scholastic Lighthouse Schools due to the significant gains it has documented in response to receipt of Scholastic coaching, a compliment to its Literacy by 3 Initiative, guided reading instruction, and classroom libraries. Several school districts from around the nation have visited Montgomery Elementary to observe its exemplary Literacy by 3 Initiative.

Scholastic also provided instructional content and coaching for HISD administrators to ensure a strategic and sustainable permeation of instructional improvement. Valuing the importance of creating a comprehensive system of learning, more than 100 school principals participated in a four-day Scholastic led institute to learn about the guided reading instructional model and coaching methodology that would be delivered to teacher at specific schools.

ACHIEVEMENTS BROADEN THROUGH CONTINUED PARTNERSHIP

HISD, the largest school district in Texas, is comprised of 287 schools from early childhood to high school and of approximately 215,000 students. The seventh largest school district in the United States, HISD has a diverse student population of about 62% Hispanic, 24.5% African American, 8.4% white, and 3.7% Asian. About 100 languages are spoken in the homes of students. The District has continued to embrace academic achievement through the hard work and dedication of educators, students, parents, and partners such as Scholastic. Some of the additional positive literacy outcomes are:

- In 2015, HISD noted a two-point gain on the state's reading exam, with 69% of third graders passing, increasing the statewide reading average by one point to 77% passing.
- In addition, the State of Texas Academic and Readiness test (STARR) scores increased by two points over the previous year.
- In 2016-2017, in addition to purchasing supplemental materials to enhance its libraries, Houston ISD purchased trade books and Scholastic classroom magazines to increase students' access to high-quality print.
- By 2016, Houston's Real Men Read, a program which was initiated to support its Literacy by 3 effort, by providing mentoring and supporting the building of home libraries, had expanded into more than 70% of Houston's Head Start centers and 49 schools. Their collaboration with the Scholastic R.E.A.L. program, a mentoring program that partners caring adults with students for an hour each month, has garnered two awards from the Texas Association for Partnership in Education.

School District of Palm Beach County

After years of using a combination of comprehensive core or basal reading program and a balanced literacy approach, the School District of Palm Beach County recently transitioned to using solely a literature-based balanced literacy approach for kindergarten to grade 5 reading and writing instruction. This new approach is formally known as the K-5 Elementary Literacy Initiative. The move was thoughtfully-planned over the course of several years, in part in response to the higher expectations placed on students' literacy skills by the new Language Arts Florida Standards (LAFS).

One fundamental component of the balanced literacy approach is students' immersion in a classroom environment rich in diverse reading materials. The School District purchased libraries of books and materials from Scholastic Inc., and they provided these materials to every elementary school in the District. The books and materials supplied by Scholastic were both informational and narrative, and they provided opportunities for read-alouds, shared reading, small-group instruction/guided reading, and independent reading. Scholastic also provided implementation training to enable principals and teachers to make this transition successfully.

Austin Independent School District, TX

In 2016-17, Austin Independent School District (Austin ISD) launched a progressive, PreK-12 literacy initiative with a long-term, three-year, strategic plan designed to respond to the lack of an existing cohesive and structured literacy strategy. The Austin ISD goal was to strengthen literacy achievement and establish changes in school structure that embrace student reading and strengthen writing through improved instruction. The district partnered with Scholastic to accomplish this goal.

1. <u>Planning – Scholastic Professional</u> held collaborative consulting sessions with key school officials to determine existing literacy strategies and to customize a plan to match the specific needs of the District. With the District input, Scholastic tailored a literacy plan that provided professional learning for all grade levels, Pre-K –12. The plan also included district-wide literacy strategies woven in throughout the school day, as well as vertically aligned Language Arts class schedules.

- 2. <u>Independent Reading Initiative</u> Austin ISD wanted a district-wide structured independent reading initiative that builds on established research that indicates, "access to books, personal choice over what to read, and time to read in school results in increased motivation and reading achievement" (*Kelly & Clausen, 2010; Worthy & Roser, 2010; Guthrie, 2008; Routman, 2008*). The Scholastic plan committed Austin schools to 20 minutes per day of structured independent reading for each child. Partnered with customized classroom libraries established in collaboration with Scholastic, the structured independent reading initiative encourages active use of the varied texts available. The customized library texts, selected in consultation with Scholastic education experts, include a focus on language and culturally-relevant fiction, nonfiction, and content-area texts.
- 3. <u>Professional Learning Workshops</u> In July 2016, professional learning workshops began with school administrators in attendance to ensure sustainability and establishment of a common language and understanding of literacy plans and new instructional practices. Throughout the school year, teachers participated in workshops: they learned how to scaffold students to maximize independent reading, gather independent reading data to guide instruction, and access resources, such as prompts and other tools to support facilitation of text discussions with students.
- 4. Ongoing Professional Learning Austin ISD has asked Scholastic to continue professional learning work in the 2017-18 school year to promote changes in instructional practice and build on the structured independent reading initiative. Teachers will deepen comprehension through further discussion and hone skills to effectively link reading with writing instruction. Additionally, teachers, administrators, and team leaders will receive an array of workshops to develop guided reading instructional practice with small groups, emphasizing blended learning opportunities.
- 5. <u>Results</u> Perceptual data—from surveys and focus groups—collected by Austin ISD reflects an overwhelmingly positive response to independent reading blocks and classroom libraries. One hundred percent of teachers report increased student motivation and performance. The response to coaching is also positive. Teachers and administrators report that classroom-based coaching responds to individual teaching needs and hastens instructional improvements. Teachers requested additional coaching to improve mastery of strategies learned.

Tab 5 Project Approach and Implementation of Services

TAB 5 – PROJECT APPROACH / IMPLEMENTATION OF SERVICES

In this tab, Offerors should demonstrate their knowledge and understanding of the scope of work requested in this Request for Proposal as demonstrated in Section III, Items A through D. Offerors should provide, in detail, their approach to fulfilling the scope of services being solicited by this Request for Proposal and demonstrate their compliance with the requirements of the Scope of Services. If subconsultants are to be utilized, provide the services that they will be providing.

There are no subconsultants named in this Scholastic proposal. Scholastic has longstanding business relationships with collection curators, printers, and common carrier transportation companies that the Company is using as normal operating procedures and can assure the County of Henrico that our services will be of the highest quality.

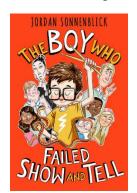

The Scope of Work is addressed in TAB 2 of this response. HCPS can be confident that Scholastic can meet the needs outlined in this RFP because we have been working diligently to do so since 2017. We would very much like to continue this successful book partnership.

A. General Book Requirements

The Successful Offeror(s) shall:

1. Provide books appropriate for students in elementary grades that include a variety of fiction, award-winning books, realistic fiction, narrative non-fiction, high interest non-fiction, popular trade books, graphic novels, classic titles, decodables and series;

With thousands of paperback titles from which to choose, Scholastic can partner with the County of Henrico to provide customized classroom libraries to meet its needs in a wide variety of areas. Scholastic has attached a "sample list" of 300-title libraries per grade level that shows evaluators the criteria requested in the RFP, including genre and reading level. The list for each grade level will include a split of fiction and nonfiction over a variety of

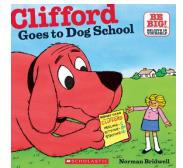

genres and topics. Scholastic is willing to customize and tailor the proposed list even further based on the direction of the County of Henrico. As specified, the list will include a mix of popular trade books, award-winning titles, series books, classic titles, graphic novels, and high-interest nonfiction.

Local Senior Account Executive Kimber Pennington directed the team of educational experts curating the customized 300-title libraries for the County of

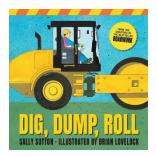

Henrico to include strong, authentic text for picture walks, read alouds, partner reading, and appropriate levels for independent reading (for example, levels A-D for Kindergarten).

In the primary grades, Scholastic is dedicated to providing emerging readers with colorful and detailed illustrations. The importance of high-quality illustrations is essential to successfully connect the picture to the text and engage K-1 readers. This interplay between illustrations and text brings a book to life to tell the whole story. Scholastic appeals to young readers with the use of high-interest characters, such as Clifford and Bad Kitty, who are illustrated in the book collection for the

County of Henrico.

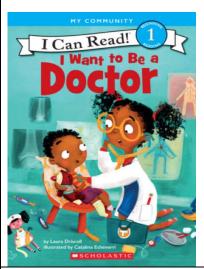

In the 2017 Kids and Family Reading Report, 6th Edition, Scholastic reports that across gender and age, choice is important. Eighty-nine percent of students, ages 6-17, agreed that their favorite books are the ones they have picked out themselves. The fiction books in the Scholastic submission include books children will respond to—with universal themes and topics that relate to their everyday lives and interests.

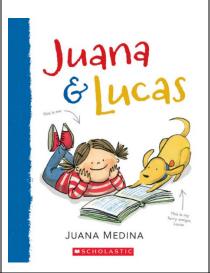

Some examples of themes in this collection are good vs. evil, hard work will be rewarded, resilience and hope, patience is a virtue, healthful foods are important to eat, life lessons are valuable, all living things depend on one another, and cleverness is more

important than power. Topics in the Scholastic customized collections include animals, sports, school, friends, change, family, transportation, the environment, traditions, loss, adoption, pets, moving, quests, and loneliness. Discovering a new, favorite book series is like finding a new friend. Students can follow the characters on episodic adventures—whether they're venturing out on exciting quests or staying closer to home. When kids are hooked on a book series, they want to read. The customized Title Lists for the County of Henrico include popular series on every grade-level list, along with books about careers, friendships, science topics (e.g. animals), and so much more. Here are some additional sample titles from various grade levels:

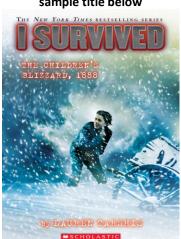

Grade 1 - I want to be a Doctor

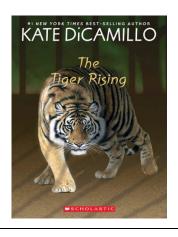

Grade 3 - Juana & Lucas

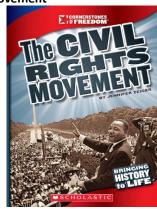

Grade 5 – Includes the highly popular "I survived" series – sample title below

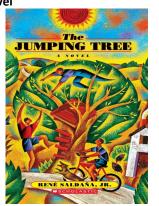

Grade 6- The Tiger Rising

Grade 7 – The Civil Rights Movement

Grade 8 - The Jumping Tree - A Novel

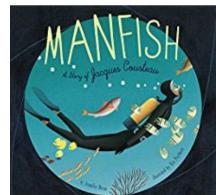

Once students get hooked on reading, they need award-winning, robust fiction and nonfiction to develop their imaginations, language, and insight into how and why others behave as they do. Using children's literature, teachers can help their class through difficult situations, enable individual students to transcend their own challenges, and teach students to consider all viewpoints, respect differences, and become more self-aware. The educational experts at Scholastic included many award-winning books across all grade levels in the Title Lists for the County of Henrico: quality authentic literature with creatively crafted illustrations, excellent word choice, and magical plots invented by brilliant minds.

The following fiction and nonfiction examples illustrate the award-winning fiction and nonfiction titles and renowned authors and illustrators that will augment independent reading which appear on the County of Henrico Title Lists:

- Grade PreK UnderGROUND, by Denise Fleming and One Tiny Turtle, by Nicola Davies
- Grade K Giraffes Can't Dance, by Giles Andrae and Biggest, Strongest, Fastest, by Steve Jenkins
- Grade 1 Not Norman: A Goldfish Story, by Kelly Bennett and Noah
 Z. Jones and Throw Your Tooth on the Roof, by G. Brian Karas and
 Selby Beeler
- Grade 2 Miss Rumphius, by Barbara Cooney and Manfish: A Story of Jacques Cousteau, by Jennifer Berne and Eric Puybaret
- <u>Grade 3</u> *Clementine,* by Sara Pennypacker and Marla Frazee and *Ruby's Wish,* by Shirin Yim Bridges and Sophie Blackall
- Grade 4 Henry's Freedom Box, by Ellen Levine and Kadir Nelson and Owen & Mzee, The True Story of a Remarkable Friendship, by Isabella Hatkoff and Craig Hatkoff
- Grade 5 The One and Only Ivan, by Katherine Applegate and Patricia Castelao and Martin's Big Words: The Life of Dr. Martin Luther King, Jr., by Doreen Rappaport and Bryan Collier
- Grade 6 Zoobreak, by Gordan Korman and Orphan Train Rider: One Boy's True Story, by Andrea Warren
- Grade 7 Nothing But the Truth: A Documentary Novel, by Avi and The Great Fire, by Jim Murphy
- <u>Grade 8</u> *Tales from Outer Suburbia*, by Shaun Tan and *Blizzard of Glass, The Halifax Explosion of 1917*, by Sally M. Walker

The informational books in the Scholastic submission include informational text, biography, autobiography, photo essays, reference, how-to books, and informational narrative in a wide array of nonfiction topics: history, geography, math, science, language arts, visual arts, technology, music, and health. The carefully curated nonfiction titles offer a collection of high-quality, engaging, and authentic texts designed to support content-area literacy. These titles take students beyond functional literacy and provide them with a foundation in cultural literacy. Students will benefit from access to authentic content-area texts in many ways, including:

- Providing students with extensive content-area vocabulary
- Exposing them to a broad range of historical, scientific, and cultural topics
- Deepening students' background knowledge in critical content areas
- Creating opportunities to practice reading skills and strategies while developing comprehension of diverse subjects in English and Spanish
- Encouraging students to read with a partner and talk about complex text
- Providing access to a wide range of reading levels, supporting current research of integrating authentic texts into every classroom

RFP No. 22-2441-11ARA Classroom Library Book Services - HCPS

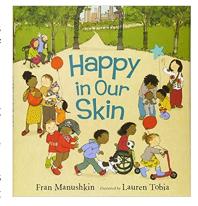

The customized 300-book collections include diverse heroes and diverse voices because Scholastic believes it is essential that children are able to see multicultural people and themes depicted in the books they read. The editorial and acquisition staff at Scholastic is committed to making our publication list reflect the values in the Scholastic Credo (see the Table of Contents of this RFP). In our increasingly diverse nation and interconnected world, students need global awareness, plus a deep understanding and respect for cultural equity and diversity. The titles in all materials in this proposal offer diversity and characters that appeal to all ethnicities; people of color are depicted in all roles and in everyday experiences.

Scholastic is committed to showing a wide diversity of cultures within our texts. Students can easily see themselves within the array of books that reflect the world's many ethnic groups. Some examples of these texts in the Title Lists for the County of Henrico include:

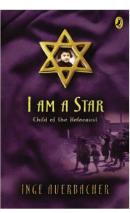

- <u>Grade K</u> Happy in Our Skin celebrates the different aspects of skin tones, from "cocoa brown," to "peaches and cream," and sometimes distinguishing features like freckles, birthmarks, or dimples.
- <u>Grade 1</u> *Viva Frida* is a bi-lingual, 2015 Caldecott Honor Book distills the essence of the remarkable Frida Kahlo in a multi-genre picture book.
- Grade 2 With a Friend by Your Side pairs excellent photographs of friends from around the world with simple but touching text to demonstrate that all people need friends to care about.
- Grade 3 Ron's Big Mission is based on an incident from the life of astronaut Ron McNair, nine-year-old Ron walks into his local public library with a mission—to secure a library card for himself so that he can take books home to read.
- Grade 4 Sonia Sotomayor, A Judge Grows in the Bronx / La juez que crecio en el Bronx is the inspiring and timely story of Sonia Sotomayor, who rose up from a childhood of poverty and prejudice to become the first Latino to be nominated to the US Supreme Court.
- Grade 5 Buffalo Bird Girl: A Hidatsa Story draws on Buffalo Bird Girl's historic
 personal accounts, this handsome picture-book biography tells her story in the first
 person about growing up American Indian on the Great Plains in the nineteenth
 century.
- <u>Grade 6</u> *El Deafo* describes how Cece loses her hearing from spinal meningitis, and takes readers through the arduous journey of learning to lip read and decipher the noise of her hearing aid, with the goal of finding a true friend.
- <u>Grade 7 I Am a Star: Child of the Holocaust:</u> This account of one girl's experience in a concentration camp in Czechoslovakia is rich for its interweaving of autobiography and historical data.
- Grade 8 The Way Home Looks Now is the heartwarming story of how Chinese American Peter Lee and his family shared a passion for baseball, bonding over backlot games and the Pittsburgh Pirates.

Before Scholastic acquires a book, educational experts read and review the titles to determine if they are a match for our publication list. When examining books for cultural diversity, these experts take a two-pronged approach:

in our world. For examples, books may address culturally diverse holidays and celebrations, tell folk tales or legends from various lands, or describe differing social expectations. A historical nonfiction or fiction book might center on the trials and tribulations, for example, of a student immigrating to the United States.

In this category, the focal point of the book is that differing experience. For these titles, the experts at Scholastic prefer an in-culture author and examine the text closely to be sure the book portrays the experience accurately.

2. Books that include diverse characters: These titles present a variety of diverse ethnicities, race, cultures, and religions represented in a book without that experience being the focal point of the story. Children will be able to see characters similar to themselves. Again, the experts at Scholastic review the materials before acquisition to ensure that the portrayals are accurate and reflective of the diversity it represents. Scholastic is also cognizant of publishing or marketing books written and illustrated by diverse authors and artists.

Please see TAB 3 - Offeror Qualifications and Experience to learn more about the team of educational experts who chose the titles for the list in this submission.

Additional Collections For Purchase

In addition to the curated lists of 300 titles per grade level, Scholastic can also offer to HCPS additional "collections" that represent diverse genres, topics, themes, and more. These additional collections are priced on two additional pricing sheets entitled "Additional Collections" and "Spanish and Bilingual Collections." 2. Provide books that do not have sexually explicit content

Scholastic can provide books that do not have sexually explicit content. We have carefully curated our lists for HCPS to ensure that our titles/collections do not violate current legislation around this concern.

3. Provide books that are written in the English language as well as have titles available in Spanish for our high ELL and dual language classrooms;

Yes, Scholastic offers books that are written in both English and Spanish, Spanish only, or in English with a Spanish translation. To ensure the authenticity of the Spanish language we use a transadaption approach instead of a direct translation so that the spirit of the original language and text is not disturbed. As evidenced on our Spanish and bilingual "other collections page, we have multiple titles that fit this criteria. We have already spotlighted several titles in the page above, but additional titles include:

We offer Spanish language and bilingual books across the PreK-8 spectrum. Kimber Pennington can assist your selection of relevant books to address the learning needs of ELL and dual language learners.

4. Provide and attach labels, approximately ½" x 2", on the bottom center of the back cover of all books for Title I Schools labeled as "Henrico County Public Schools Title I and School Name"

Yes, Scholastic can provide labels as described in the County of Henrico RFP. See pricing for labels in the pricing documents.

B. Ordering and Shipping Requirements

The Successful Offeror(s) shall:

 Provide a written quote, to HCPS when requested, indicating title, the number of copies, ISBN number, author, publisher, unit publisher's price, rate of discount, net unit price, and extended net amount

Yes. Please see the Title Lists in TAB 6; Scholastic can include all the above requested information.

2. Fulfill, at 100%, all orders no later than 90 consecutive calendar days after receipt of a purchase order

Scholastic understands this requirement and can meet it. Scholastic will provide a Sample Order Check-In document, if awarded this RFP, that facilitates the check in and distribution of materials.

- 3. Provide, within two (2) weeks of receipt of a purchase order, two (2) proposed alternative titles for substitution for titles not available or on backorder for a period of time greater than 90 days; a. Substitutions must be comparable in Fountas & Pinnell guided reading level, content, genre, and length of text.
 - b. Substitution titles will be provided to the HCPS contact noted on the purchase order who will select the replacement titles to be provided.

Yes, Scholastic can provide this information. Prompt response from the County of Henrico will facilitate the process and allow Scholastic to deliver in the allotted timeframe. In the case of a backordered title that is on the County of Henrico substitution list that falls within the 90-day allowable parameter, Scholastic can handle it one of two ways:

- 1. Hold everything until the order is complete and then ship the complete order
- 2. Split the order and ship what is available at the time to Teacher A, Teacher B, and Teacher C and then ship the backordered titles when they become available within the allowed 90-days with the same labeling procedure as the main shipment.
- 4. Clearly label the outside of each package with the HCPS Purchase Order Number, the Successful Offeror's invoice number, and the invoice enclosure notification

The outside of the package will include the Purchase Order number. The invoice number is not generated until the order leaves the warehouse, so Scholastic cannot provide the invoice number or the invoice enclosure notification on the outside of the package. Scholastic can, however, provide a digital file after everything ships that does include this information.

5. Provide packing slips with each order, that is arranged in the line item order that matches the original order, and show for each title, the number of copies, ISBN number, author, publisher, unit publisher's price, rate of discount, net unit price, and extended net amount

The packing slips enclosed in the cartons will not include all this information; however, Scholastic can provide a document in a digital file to facilitate Check In that does contain all of this information.

6. Provide, in one (1) shipment for a single delivery location, all copies of any one (1) title

Scholastic can approach the shipments one of two ways:

- 1. If we are breaking the orders out by classroom, and in the first-grade library we have *Clifford the Big Red Dog* in that library, then that title will be in separate boxes for Teacher A, Teacher B, and Teacher C.
- 2. If the County of Henrico wants all the like titles boxed together and Scholastic is doing a bulk shipment, the company can provide classroom library books this way.
- 7. Package each classroom library separately noting the box number as well as the grade level on each box (i.e. First Grade Box 1 of 4);

Yes, Scholastic can package according to these specifications. The example that follows is a Sample Order Check-In document from another district's classroom library order—it will provide the County of Henrico an example of what Scholastic can provide and illustrate our capacity to tailor and customize based on district need (we recognize that this example has books in other languages and the County of Henrico does not, but please use it as an illustration). Scholastic is willing to modify this information with input from the County of Henrico.

Sample Order Check-In Document

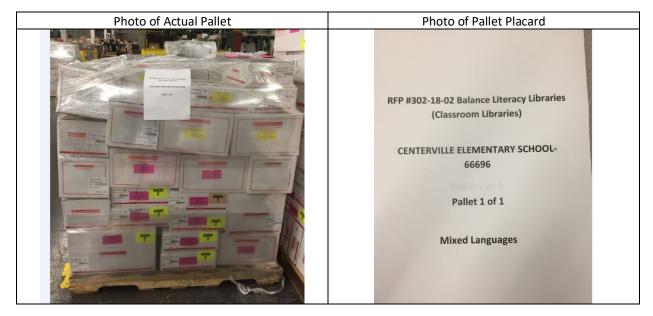

Classroom Libraries

The pallet(s) delivered to your warehouse/school contain your classroom libraries.

How are the pallets labeled and sorted?

The pallets are labeled with the School Name and Route #. Pallet placards indicate the # of pallets per school. Scholastic has sorted the pallets by Language and Grade Level as much as possible. If Scholastic included boxes with both English and Spanish libraries on one pallet it is noted on the pallet placard as Mixed Languages.

In addition, Scholastic made every attempt to have the labels on the sides/top of boxes facing out on the pallets as requested by the school district. (There may be cases where this was not possible due to integrity of the pallet build.)

How are the individual cartons labeled?

Each Classroom Library ships in multiple cartons, so it is important to check each box carefully according to the label on the top or side. The Classroom Library cartons are labeled with School Name on the shipping label.

Most cartons will include an additional label that is color coded by grade level:

Grade K – Purple

Grade 1 - Cream

Grade 2 - Yellow

All of the cartons will be color code by language English vs. Spanish.

This includes the Grade, Language, Teacher Letter, Title/Description and ISBN-13 for that carton.

This label will be on the carton in two places. On the top and on one side.

If the pink or yellow label is not visible you can use the label found on the corner of each carton.

How to begin once the shipments arrives at the school?

Each Classroom Library ships in multiple cartons, so it is important to check each box carefully.

- 1) Begin by sorting all boxes by Language, Grade Level then by ISBN found on the top or side labels OR the corner label as described above.
- 2) Once all are sorted by ISBN you can match the ISBN on the label to the check-in grid. This is in order by Language and Grade.

- 3) Proceed to the check-in document and check against this to be sure you have the proper # of cartons per ISBN #.
- 4) Once you have checked these in and all are accounted for, you can match up the boxes within each Grade Level & Language by Teacher Letter (Teacher A, B, C, etc.) to assemble each complete Classroom library, including classroom storage tubs.

Because Scholastic is so careful with the labeling process, the procedure listed above will move along very quickly.

8. Not ship or deliver any orders in June, July or August without the approval from the HCPS contact

Scholastic understands this requirement as related to this RFP and will comply.

9. Bins shall be provided with delivered orders.

Scholastic will supply bins.

C. Billing and Invoicing Requirements

The Successful Offeror(s) shall:

1. Invoice each order separately

Invoices will be generated after the shipment has been confirmed and will be done according to the information set forth on the County of Henrico purchase order. An invoice is typically sent out one-two days after the shipment leaves the Scholastic warehouse.

Scholastic has robust systems that are capable of processing hundreds of thousands orders per day, but also with the capability to personalize even the smallest of orders. The Scholastic order processing system allows for orders to be addressed to specific schools and to specific personnel within schools. All of the Scholastic systems and processes are optimized for shipments to schools as the main focus of our business for over 96 years.

2. Arrange invoices in the line item order that matches the original order, and show for each title, the number of copies, ISBN number, author, publisher, unit publisher's price, rate of discount, net unit price, and extended net amount

The standard Scholastic invoice will not have this level of detail, but the Company can provide an invoice that will meet this requirement after the order leaves the warehouse in a digital file that will provide detailed information.

3. Clearly show the HCPS Purchase Order Number, Successful Offeror's remit-to address and zip code on each invoice

Yes. Scholastic can provide the HCPS Purchase Order Number and the Scholastic "remit to" address and zip code on each invoice.

4. Submit invoices correctly and only after all items have been shipped and received by HCPS

Yes, Scholastic invoices after items have been shipped and received by HCPS.

5. Send all invoices to Henrico County Public Schools, General Services, PO Box 23120, Henrico, VA 23223

Yes, Scholastic can meet this requirement.

D. Other Service Requirements

1. Return Policy. HCPS may reject, in whole or in part, and return to the Successful Offeror(s), at the Successful Offeror's expense, books that are defective, have been damaged, are substitutions that have not been approved, or otherwise books not in compliance with the original order

Prompt response from the County of Henrico will facilitate the process and allow Scholastic to deliver the approved substitutions. Please see the Scholastic Warranty and Replacement policy below:

RFP No. 22-2441-11ARA Classroom Library Book Services - HCPS

Independent reading requires a full suite of strategies in order to be productive and successful. Scholastic's courses and coaching help teachers make the most of their independent reading time and leaders to build knowledge and expertise around the importance of independent reading. The Scholastic Literacy Specialists are available should the County of Henrico determine that it wants to support the classroom library initiative with professional learning to see a greater return on its investment. Senior Account Executive Kimber Pennington will facilitate scheduling any professional development for the County of Henrico. For the best opportunity to receive services on the desired date(s), Scholastic encourages requesting dates four-six weeks in advance.

The following are some suggested Scholastic professional learning courses to bolster independent reading.

Leading Independent Reading Instruction

The ultimate goal of every reading approach is to enable students to transfer new skills and strategies to their independent reading. This session will identify the characteristics of an effective independent reading program and explore the research into why voluminous independent reading plays such a critical role in balanced literacy. We'll also study the various types of teacher-student conferences to assess student growth during independent reading time.

Learning outcomes:

- Identify the characteristics of an effective independent reading program
- Describe the components of effective reading conferences
- Promote the critical role of independent reading in balanced literacy
- Support the implementation of independent reading

Recommended for: K–8 principals, assistant principals, and instructional coaches

Getting Started with Structured Independent Reading

Daily independent reading is essential to developing literacy skills, but not all types of independent reading will produce the same results. In this session participants will define what structured independent reading is and isn't and explore how to create a rich reading environment. Then we'll work together to unpack each component of structured independent reading, including the learning environment, conferring, and supporting and engaging readers.

Learning outcomes:

- Define structured independent reading and explain how it differs from other types of individual reading time
- Establish a learning environment and procedures that promote independent reading
- Support student book selection, reading stamina, and goal-setting
- Plan literacy instruction and facilitate student conferences to support individual needs
- Provide intentional and purposeful activities to develop engaged, accountable readers

Recommended for: K–8 teachers and instructional coaches

Time: Three hours

<u>Grades 6-8</u> — For every 300-book library, Scholastic will provide 16 classroom library tubs

TOTAL VALUE ADDED FOR FREE TUBS

Tubs currently cost \$5.00 per tub, so the total value is determined by \$5.00 per tub x number of tubs provided to each classroom library:

Assumptions Made to Determine Value of Bins:

- Assumption is that there are 8 PreK schools x average of 4 classrooms in each school x 6 tubs in each classroom
- Assumption is that there are 20 K-5 schools x 6 grades in each x average of 4 classroom per grade x average of 9 tubs per classroom
- Assumption is that there is 1 middle school x 3 grades x 4 classes each x 16 tubs per classroom

Calculation to show bin value

- PreK 192 tubs x \$5.00 = \$960.00
- K-5 4,320 tubs x 5.00 = \$21,600
- 6-8 192 tubs x \$5.00 = \$960.00

Approximate total value provided in red bins = \$23,520
