#### EXHIBIT A LICENSE AGREEMENT ADDENDUM

The County School Board of Henrico County, Virginia (the "County"), and NoRed Ink, Inc. ("Supplier"), a California Corporation are this day entering into an agreement for English Language Arts (PK-12) Digital Curriculum for Tier 1 Division Level Resources (the "Agreement") and, for their mutual convenience, the parties are using the standard form contract (Terms of Service effective date April 1, 2021) provided by Supplier ("Contract"). This License Agreement Addendum ("LAA"), duly signed by the County and Supplier (each a "Party"), is attached to and made a part of the Agreement and the Contract by incorporation, and with the Agreement governs the use of any and all software licensed by the County under the Agreement (the "Software") and this LAA.

As used in this LAA, the term "**Contract**" means the Supplier's standard form contract and any and all exhibits and attachments thereto. The term(s) "**Customer**", "**You**" or "**you**" as used in the Contract and this LAA, means, as applicable, the County, or any of their officers, directors, agents or employees.

Supplier represents and warrants that it is a California Corporation authorized to do in business in Virginia. If Supplier is not a U.S.-based entity, Supplier maintains a registered agent and a certification of authority to do business in Virginia.

Supplier's Contract is generally acceptable to the County, with the exceptions noted in this LAA below. Despite the general acceptability of the Contract, certain standard clauses may appear in, or be incorporated by reference into, the Contract that cannot be accepted by the County. In consideration of the convenience of using Supplier's standard form contract without the necessity of specifically negotiating a separate contract document, the Parties specifically agree that any of the following provisions contained in the Contract are deemed void and will not have any effect and will not be enforceable against any Customer:

- 1. Requiring the application of the law of any state other than the Commonwealth of Virginia in interpreting or enforcing the Contract or requiring or permitting that any dispute under the Contract be resolved in any court other than the state courts located in Henrico County, Virginia;
- 2. Requiring any total or partial compensation or payment for lost profit or liquidated damages by any Customer if the Contract is terminated before the end of its ordinary term;
- 3. Imposing any interest charge(s) contrary to that specified by § 2.2-4347 et seq. of the Code of Virginia;
- Requiring that the terms or conditions of any documents provided by Supplier supersede the terms of other contractual documents or be incorporated into other documents provided by the County or requiring that the order of controlling documents listed in the Non-Professional Services Contract No. 2316D be changed;
- 5. Binding the County to the laws of states other than the Commonwealth of Virginia;
- 6. Creating a statute of limitations that is less permissive than that created by applicable laws;
- 7. Allowing notice regarding the Contract to be through the user interface of the Hosted Service
- 8. Requiring the County to maintain any type of insurance for Supplier's benefit;
- 9. Granting Supplier a security interest in any property of the County;
- 10. Requiring the County to indemnify, defend, or to hold harmless Supplier for any act or omission;
- 11. Limiting or adding to the time period within which claims can be made or actions can be brought (Reference Tit. 8.01 of the Code of Virginia);
- 12. Limiting selection and approval of counsel and approval of any settlement in any claim arising under the Contract and in which the County is a named party;
- 13. Binding the County to any arbitration or to the decision of any arbitration board, commission, panel or other entity;

- 14. Obligating the County to pay costs of collection, court costs or attorney's fees;
- 15. Allowing for late payment fees which exceed 1% per month;
- 16. Requiring that payments be nonrefundable in the event of Termination of the Contract;
- 17. Requiring materials subject to the Virginia Freedom of Information Act, including the terms and conditions of the Contract and exhibits to be classified as confidential when the information is not a trade secret or proprietary information;
- 18. Requiring any dispute resolution procedure(s) other than those in accordance with § 2.2-4363 et seq. of the Code of Virginia;
- 19. Permitting Supplier to access any of the County's records or data, except pursuant to court order;
- 20. Permitting Supplier to use any information provided by the County except for Supplier's own internal administrative purposes;
- 21. Requiring the County to limit its rights or waive its remedies at law or in equity;
- 22. Bestowing any right, or incurring any obligation, that is beyond the duly granted authority of the undersigned representative of the County to bestow, or incur, on behalf of the County;
- 23. Establishing a presumption of severe or irreparable harm to Supplier by the actions or inactions of the County;
- 24. Limiting the liability of Supplier for property damage, death, or personal injury;
- 25. Permitting Supplier to assign, subcontract, delegate or otherwise convey the Contract, or any of its rights and obligations under the Contract, to any entity without the prior written consent of the County, except as set forth in paragraph 39 below;
- 26. Not complying with the contractual claims provision <u>§ 2.2-4363</u> of the Code of Virginia, which is also incorporated into this LAA and the Contract by reference;
- 27. Enforcing the United Nations Convention on Contracts for the International Sale of Goods and all other laws and international treaties or conventions relating to the sale of goods. They are expressly disclaimed. UCITA shall apply to the Contract only to the extent required by <u>§ 59.1-501.15</u> of the Code of Virginia;
- 28. Not complying with all applicable federal, state, and local laws, regulations, and ordinances;

- 33. Obligating the County beyond approved and appropriated funding. All payment obligations from the County under the Contract are subject to receipt of necessary appropriations from the County's Board of Supervisors. In the event of non-appropriation of funds for the items under the Contract, the County may terminate, in whole or in part, the Contract or any order, for those goods or services for which funds have not been appropriated. This may extend to the renewal of maintenance services for only some of the licenses granted by Supplier. The County shall provide written notice to the Supplier as soon as possible after legislative action is completed. There will be no time limit for termination due to termination for lack of appropriations;
- 34. Permitting unilateral modification of the Contract by Supplier without the written consent of the County

- 35. Incorporating documents, webpages, policies, or terms and conditions not provided as Exhibits in Non-Professional Services Contract No. 2316D through either incorporation by reference or linking;
- 36. Creating duties for the County under the Children's Online Privacy Protection Act, 15 U.S.C. 6501-6506
- Permitting termination by Supplier of the Contract or the licenses granted pursuant to the Contract, or permitting suspension of services by Supplier, except pursuant to an order from a court of competent jurisdiction;
- Requiring or stating that the terms of the Supplier's standard form contract will prevail over the terms
  of this LAA in the event of conflict;
- 39. Renewing or extending the Contract beyond the term set forth in the Agreement or automatically continuing the Contract period from term to term;
- 40. Requiring that the Contract be "accepted" or endorsed by the home office or by any other officer subsequent to signing by an official of the County before the Contract is considered in effect;

**De-Identifiable Information (DII):** De-Identification refers to the process by which the Provider removes or obscures any Personally Identifiable Information ("PII") from student records in a way that removes or minimizes the risk of disclosure of the identity of the individual and information about them. The Provider's specific steps to de-identify the data will depend on the circumstances, but should be appropriate to protect students. Some potential disclosure limitation methods are blurring, masking, and perturbation. De-identification should ensure that any information when put together cannot indirectly identify the student, not only from the viewpoint of the public, but also from the vantage of those who are familiar with the individual. Information cannot be de-identified if there are fewer than twenty (20) students in the samples of a particular field or category, <u>i.e.</u>, twenty students in a particular grade or less than twenty students with a particular disability.

Dear Review Team,

April 6, 2022

NoRedInk is excited to be considered for Henrico County Public Schools Request for Proposal for **English Language Arts (PK-12) Digital Curriculum for Tier 1 Division Level Resources**. Our adaptive writing platform has been nationally recognized by major districts for its innovative and revolutionary approach to streamlining the writing process for millions of students and teachers. We are now used in more than half of the school districts in the United States.

As our economy shifts to work that requires knowledge-based skills, the ability for students to think critically and write well is even more important. Students need far more writing instruction, practice, and feedback than they often receive because teachers' bandwidth is so overtaxed, and this severely limits students' growth. To develop the fundamental skills required to write, students need curriculum that sparks their curiosity, well-scaffolded exercises that model and break down difficult-to-learn concepts, an authentic purpose for writing (e.g., a platform that gives students an audience other than their teacher), a methodology for assessing and revising their own work, and lots of practice accompanied by rapid, actionable feedback.

NoRedInk stands ready to support Henrico County Public Schools' diverse learning communities where students continue to learn, grow, and thrive. NoRedInk's innovative software will support teachers as they guide HCPS students to graduate as critical thinkers and problem solvers who will know and understand how to be successful in a global society.

NoRedInk believes we are uniquely qualified to support the needs of your diverse student population. The result is more equitable access to quality writing instruction for all students. With NoRedInk, students learn to write through thoughtful modeling, engaging and carefully scaffolded exercises, unlimited practice with a rapid feedback loop, giving and receiving feedback via Peer Review, and a structured methodology for helping them iterate on their work with Self Review and Guided Drafts. NoRedInk's digital writing program enables students to tangibly improve as writers in a way that a typical basal curriculum would not.

Sincerely,

Stephen Gardner, Vice President of Sales and Customer Success

NoRedInk

### Tab 2 – Statement of the Scope

#### 548 Market St. PMB 66984 • San Francisco, CA 94104 • 1-844-NOREDINK

# In this tab, NoRedInk has stated our understanding of the Scope of Services requested by this RFP in Section II.

NoRedInk understands that HCPS educators and students can benefit from engaging with a range of materials and strategies to meet the continuum of Exceptional Education, English Language Learners (ELL), and general education student needs across all preelementary, elementary, and secondary grade levels (PreK-12). **NoRedInk provides a comprehensive, adaptive, mastery-based writing curriculum for grades 5-12 that can support and align with Tier I curriculum content that is aligned with the Virginia Writing SOLs.** NoRedInk is pleased to meet or exceed Computer, Software, and Network Specifications as requested by the district and illustrated in our responses in Tabs 4, 5 & 6.

NoRedInk's writing platform supports teachers in weaving together the explicit instruction, repeated practice, and targeted feedback necessary to develop students into strong writers. NoRedInk guides students through the entire writing process, from pre-writing to revision. Along the way, students receive just-in-time support with interactive tutorials, model writing, and self-reflection questions. At any point in the process, teachers can reinforce specific writing skills with NoRedInk's targeted practice exercises. These **engaging multimedia-based exercises** incorporate students' interests and give students instant feedback. Teachers can also draw on NoRedInk's library of instructional resources including customizable rubrics, writing prompts, and sample lesson plans.

#### Authentic Assessments

Students can rearrange sentences, edit and mark up text, organize ideas into outlines, and manipulate multi-paragraph passages.

#### **Unlimited, Adaptive Practice**

Our engine differentiates instruction to meet each student's needs and to support learners when they get stuck.

#### Personalized, High-Interest Content We generate every exercise from students' favorite

celebrities, friends, and interests, making the content fun and relevant.

#### **Actionable Data**

Color-coded diagnostic data, growth reports, and gradebooks allow teachers and administrators to track progress in real time.

NoRedInk's **self-directed or teacher-driven** writing assignments allow students to build a portfolio of written work and engage in **highly scaffolded** drafting, revision, and peerreview process. NoRedInk guides students through the process of drafting, reflecting, and revising across multiple genres. Students receive just-in-time support with interactive tutorials, models, lessons, and self-reflection questions. These assignments provide teachers flexibility to assign daily practice as well as authentic assessments.

NoRedInk offers over 60+ language arts learning paths, each targeting a different area of the SOLs. Working on NoRedInk, students see questions that are tailored to their unique interests (e.g., their favorite celebrities, athletes, musicians, books, shows), dramatically increasing their engagement. The mastery-based assignments require students to

#### 548 Market St. PMB 66984 • San Francisco, CA 94104 • 1-844-NOREDINK

demonstrate a complete understanding of each skill before advancing. Every question that a student receives is determined by the answer given to the previous question. When students make mistakes, they are given immediate targeted feedback and remediation. Students can also **accelerate** when they master content.

NoRedInk's **built-in progress monitoring** allows teachers to easily track students' progress towards mastery. Teachers can give formative assessments to establish a baseline of skills for individual students and their class as a whole. The assessment data is integrated into assignment creation, allowing teachers to differentiate instruction easily and effectively. When students are struggling for any reason, NoRedInk allows teachers to drill down to understand underlying misconceptions and address specific learning gaps. At the conclusion of a unit, teachers can give summative assessments that effectively measure **student growth.** Teachers can easily filter the curriculum on NoRedInk to align their instruction with the Virginia Standards of Learning and the NWEA, SAT, and ACT exams.

# NoRedInk supports a variety of instructional settings for learning opportunities and collaboration

NoRedInk's writing platform provides a variety of different types of learning experiences, allowing teachers to easily differentiate for intensive, systematic, and intensive instruction for individual, small group, and whole-class instruction. The program's 60+ learning paths contain practice exercises for students that span thousands of skills. Teachers can assign groupings of skills to students to tackle individually at their own pace. Within each learning path, a concept is broken down into targeted practice topics, which are essentially building blocks that guide students toward fluency with the standards. While usage will vary depending upon the implementation model and program goals, at a minimum we would recommend that students master 3-4 topics per week on average throughout the year. This would require 15-20 minutes of usage 3 times per week.

#### Support for Gifted and Talented Students

NoRedInk makes it easy for teachers to ensure that gifted and talented students are working on material that provides an appropriate level of challenge.

- NoRedInk's adaptive mastery algorithm allows gifted students to progress rapidly to more challenging content, rather than proceeding through a fixed number of questions.
- NoRedInk offers "Checkpoints" which allow students to "place out" of content that they already understand.
- Teachers can use diagnostics to identify the skills students need support with and ensure that no instructional time is spent on skills they're already proficient with.

548 Market St. PMB 66984 • San Francisco, CA 94104 • 1-844-NOREDINK

- Teachers can leverage content and standards filters to prepare students for the SAT, ACT and AP English Language exam.
- Gifted and talented students can engage in self-directed learning on NoRedInk's Learn page, which allows them to freely browse our full library of exercises and master additional skills based on their interests (see example below).

### Support for English Language Learners

NoRedInk gives English Language Learners the opportunities for extended practice, explicit instruction, and scaffolded support which enable them to rapidly progress in their writing skills.

- NoRedInk's diagnostic assignments allow teachers to drill down on English Language Learners' specific needs and easily assign them practice exercises on the skill they struggle with most. As students practice, they're given instant feedback, tips, and lessons.
- NoRedInk also provides live, convenient data which helps teachers easily identify students who would benefit from additional intervention.
- NoRedInk's Guided Drafts and Self Review assignments break down the writing
  process step-by-step and provide scaffolds such as sentence stems. Teachers report
  that this scaffolding helps reduce overwhelm for ELLs, increases organization in their
  writing, and enables them to focus on what they want to express rather than how
  they'd like to express it.
- NoRedInk's anonymous Peer Review feature also allows English Language Learners to benefit from their peers' feedback in a low-stakes environment.

548 Market St. PMB 66984 • San Francisco, CA 94104 • 1-844-NOREDINK

• NoRedInk's text-to-speech feature allows English Language Learners to access the exercises more easily by leveraging their aural skills to increase their understanding of academic, written language.

Henrico will receive a thoughtfully crafted combination of in-person, virtual, and self-driven training options that cover all aspects of account set-up, assignment types, and student data. Administrators have access to teacher and student usage and performance data at varying levels of granularity: district, school, class, and individual. In addition, teachers and administrators in Henrico have the ongoing support of a Customer Success Manager throughout the year to ensure a successful implementation of the program.

Tab 3 - Offeror Qualifications, Experience, Resumes and Financial Capacity

548 Market St. PMB 66984 • San Francisco, CA 94104 • 1-844-NOREDINK

### In this section, NoRedInk has provide appropriate documentation to support:

## a. Years in business outlining the company history and experience providing services as requested in this RFP;

NoRedInk has been in business since 2012 and has been serving school districts for 10 years.

### b. Experience with a project of this magnitude;

Educators across the county appreciate NoRedInk's high-interest content, authentic assessments, blended learning, adaptive technology, and unlimited practice.

### Supporting Fairfax County Public Schools

Fairfax County Public Schools adopted NoRedInk for all 52 of their High Schools for the 2019-20 school year. The implementation has been extremely successful with broad adoption and usage. Administrator and teacher feedback has been overwhelmingly positive. As a result, the district expanded their adoption to all middle schools in 2020-21.

### c. Evidence of financial stability;

We have attached our last two years of balance sheets to demonstrate our financial stability. Please see as Appendix A in Tab 13.

### d. Experience with development of digital content aligned with Virginia SOLs;

NoRedInk's prescriptive, adaptive writing curriculum is aligned with the Virginia Standards of Learning. NoRedInk makes it easy for teachers to target instruction. Teachers can draw on a variety of standard and assessment aligned resources, filters, and reporting features that help with lesson planning, track progress, and prepare their students for standardized tests. - Virginia Standards of Learning (2017) Map to NRI- Grades 3-5
- Virginia Standards of Learning (2017) Map to NRI- Grades 6-8
- Virginia Standards of Learning (2017) Map to NRI- Grades 9-12

NoRedInk also includes pre-made planning diagnostics aligned to the standards.

#### e. Experience in K-12;

Jeff Scheur created NoRedInk in 2012 while teaching high school English in Chicago. Like so many educators, he graded well over 15,000 papers, wondering how he could develop more efficient systems to help my students quickly address their misconceptions. It's no secret that learners need immediate feedback, curriculum that stems from their interests,

548 Market St. PMB 66984 • San Francisco, CA 94104 • 1-844-NOREDINK

and lots of practice in order to show rapid growth, and yet teachers can only do so much with large classes and limited time.

Jeff created NoRedInk to help his students improve their skills with engaging material and to allow him to track their progress over time. It also freed him up to focus on bigpicture concepts in student writing that sorely needed his attention. Now supported by a team of expert teachers, engineers, and language experts, NoRedInk's mission is to help all students harness the power of language.

### f. Evidence of research demonstrating the validity of the techniques, materials and interventions presented to include a review from an impartial research based agency, such as the Florida Center for Reading Research or the Oregon Reading First Review Panel;

Case studies and research reports that document the impact of NoRedInk on student outcomes may be accessed from the below referenced link. This includes a comprehensive third-party study conducted by WestEd to investigate the correlation between NoRedInk mastery and performance on the NWEA MAP® Language Usage assessment. The study tracked the growth of 7,330 middle school students on the NWEA MAP® test between the fall and spring of the 2015-2016 school year. The study confirmed that "NoRedInk performance is a robust predictor of end-of-year language growth" regardless of race, gender, grade, and baseline MAP score. 37% of students grew by at least 200% of expected annual growth.

# b. Any agreements to which HCPS may be required to agree to as part of the contract should your firm be awarded the contract. (i.e. Service Level Agreement etc.)

NoRedInk would request that our Master Terms of Service (<u>link here</u>) be incorporated into any final agreement.

#### c. Any terms and conditions the "end user" is required to accept;

Our Terms of Service can be found <u>here</u>.

548 Market St. PMB 66984 • San Francisco, CA 94104 • 1-844-NOREDINK

#### d. Discuss how parental consent is handled, if required; and

The school or district may provide consent as NoRedInk use is limited to the educational context per the following federal guidelines. Many school districts contract with third-party website operators to offer online programs solely for the benefit of their students and for the school system – for example, homework help lines, individualized education modules, online research and organizational tools, or web-based testing services. In these cases, the schools may act as the parent's agent and can consent under COPPA to the collection of kids' information on the parent's behalf. However, the school's ability to consent for the parent is limited to the educational context – where an operator collects personal information from students for the use and benefit of the school, and for no other commercial purpose.

# e. A detailed timeline for implementation of the proposed solution indicating resources (responsible party) and completion dates.

### Tab 7 – Reporting and Monitoring

548 Market St. PMB 66984 • San Francisco, CA 94104 • 1-844-NOREDINK

In this tab, NoRedInk has provided the following information regarding reports and monitoring:

a. Describe program-specific progress monitoring. While program monitoring is desired, HCPS shall continue to monitor student progress using a progress monitoring tool that is independent of the students' curriculum/intervention.

In addition to administrator and teacher access to live data on student progress NoRedInk offers dozens of different student interfaces that help students understand and monitor their own progress.

NoRedInk's Quick Writes, Guided Drafts and Self Review are self-driven modules that allow students to receive support as they draft, edit, and revise essays across a host of genres (e.g., Persuasive, Argumentative, Expository, Literary Analysis). Students can directly submit their own writing via our Quick Writes, Guided Drafts, Self Review, and Peer Review assignments. These short and extended-response platforms include different amounts of scaffolding depending on teachers' needs.

As students progress through Self Review, they interact with different components of their essays, answer targeted questions designed to guide them through the revision process, and make improvements to their compositions.

Imagine walking down the hallway at school. You turn the corner and see a classmate backed against the wall with another student bullying him. What do you do? Our school should not have bad situations like this happening. There is a lot of bullying happening at our school and around the country.

We need to take action because bullying hurts people. It hurts people who are bullied and people who are just afraid of being bullied next. For instance, the US Department of Health and Human Services reports that over 30% of high school students show signs of depression ("United States Adolescent Mental Health Facts"). In addition, this really just needs to stop. It would be great if everybody was nice

When students note that their writing "doesn't yet" or "sort of" meet the desired criteria, they are given helpful hints, instruction, and exemplars to utilize in their revisions.

### Example

To make your **hook** more engaging, try one of these strategies:

- search for a **surprising fact** or **interesting quote** related to your thesis
- think about your own experiences and share a **short but powerful story**

Here's an example of an introduction that doesn't grab the reader's attention. The fact in the opening statement is true, but it isn't very surprising or interesting.

X Introduction Doesn't Grab the Reader's Attention

Almost all teenagers own a smartphone, and many of them use their phones to communicate with their friends. Young people are in constant contact with one another, but are we building meaningful relationships? Instead of spending quality time together in person, we waste hours staring at screens, scrolling through social media posts. Rather than bringing us closer together, smartphones have negatively

An example of an activity that's well suited for whole-class instruction is shown below. In the activity, students first individually try to guess whether a cat or a dog is responsible for knocking over the potted plant, and after students choose and write about a piece of evidence, teachers often lead a whole-class discussion on how students weighed different pieces of evidence.

#### 548 Market St. PMB 66984 • San Francisco, CA 94104 • 1-844-NOREDINK

Teachers also frequently use NoRedInk's interactive tutorials, mini-lessons, and exemplars in whole-class instruction formats to expose students to new concepts or review concepts that the class is struggling with as a whole.

The platform's Peer Review system fosters collaboration by allowing groups of students to review each other's work using a structured and research-backed methodology. In one activity, after students individually highlight wordy portions of peers' thesis statements, each student can then see a heat map that overlays all the feedback she's received from different peers to best enable her to make choices about what to revise. Additionally, students can star the feedback from their peers that has been most helpful to them before setting revision goals.

Practice, peer review, and revision can also be **differentiated** to any level the teacher desires. One of the primary benefits of having a platform that automatically grades practice exercises and diagnostics is how effortless it becomes to segment student groups.

Bullying hurts. Let's do something about it.

Imagine walking down the hallway at school. You turn the corner and see two classmates up ahead. One of them yells menacingly while pinning the other up against the wall. What do you do? Do you pretend you didn't see anything, or do you tell the bully to back off? Here's the truth: this storey happened to me, and I walked away. But I can no longer watch silently as my classmates are mistreated, and neither should you. In my opinion, it's time for students to take action to stop bullying.

Additionally, teachers can assign a Diagnostic or Growth Quiz to assess student progress on specific skills. Teachers simply select the skills they'd like students to focus on, then NoRedInk generates the assessment questions, grades automatically, and provides actionable data. In the screenshot of a Diagnostic below, the teacher can use the performance bands to decide which students to pull for a small-group intervention.

After assigning additional practice, teachers can view students' progress relative to the initial Diagnostic. This easy-to-read Growth Quiz has several benefits. We're able to see right away which band each of our students now resides in. The color on the left indicates where they started and the number to the right of their names shows the average percent growth.

The teacher can also dig deeper into the results for any individual student to identify that student's misconceptions. This level of granularity in differentiation provides unique benefits for teachers who want to quickly identify and target the specific sub-skills their students require assistance in. ### Tab 8 – Training and Professional Development

548 Market St. PMB 66984 • San Francisco, CA 94104 • 1-844-NOREDINK

In this tab, NoRedInk has described the training and professional development that is included with the proposed solution. This includes a description of the required training for implementation of the program as well as options for continued professional development at either the district or school level.

For our district partners, NoRedInk provides virtual and self-driven training options that cover all aspects of account set-up, assignment types, and student data. In addition, teachers and administrators have the ongoing support of a Customer Success Manager throughout the year to ensure a successful implementation. Administrators have access to teacher and student usage and performance data at varying levels of granularity: district, school, class, and individual.

Each NoRedInk Premium customer has a Customer Success Manager who assists with and coordinates a customized professional development program, program implementation and management. The Customer Success Manager can also answer both technical and instructional questions that arise during the year. In addition to working with teachers, the Customer Success Manager will lead administrators through goal setting, an initial training to walk them through NoRedInk's administrator tools and helps them oversee a successful implementation.

Our Customer Success Team also provides on-site professional development, coaching and monitoring. We have experience managing large, complex, multi-school implementations with a customized professional development program. For example, we recently completed implementation and training for all 52 of Fairfax County Public School District high schools.

In addition to on-site, face-to-face training, modeling and mentoring, NoRedInk provides virtual training, self-guided online training, a Customer Success Manager, a staffed support center, and an online help library. In live virtual training, NoRedInk staff can answer questions and walk teachers through technical aspects of account and class set-up, assignment types and flow, using data to inform instruction, and best teacher practices with NoRedInk.

The total number of training hours will vary with the implementation and professional development model (combination of in-person, live virtual and on demand virtual). We recommend that teachers complete 2 hours of training.

To the extent that Client Data includes such education records ("Education Records"), NoRedInk will comply with FERPA, and will not disclose or use Education Records received from or on behalf of Client (or its Users) except as permitted or required by this Agreement, as required by law, or as otherwise authorized in writing by Client. The NoRedInk Privacy Policy may be amended from time to time. Any changes shall be effective as to Users upon the earlier of Client's approval of such changes (an exchange of emails to suffice) or the beginning of the next Service Term after notice is provided.

3.4 **Suggestions, Ideas and Feedback; Client Data**. NoRedInk shall have the unrestricted right to use or act upon any suggestions, ideas, enhancement requests, feedback, recommendations, or other information provided by Client or any other party relating to the Service.

Late payments shall bear interest at the lower of one and one-half percent (1.5%) per month or the maximum rate permitted by law. If Client's account is ten (10) days or more overdue, in addition to any of its other rights or remedies, NoRedInk reserves the right to suspend the Service provided to Client, without prior notice or liability to the Client, until such amounts are paid in full. Client shall pay all of NoRedInk's reasonable fees, costs and expenses (including reasonable attorney's fees) if legal action is required to collect outstanding undisputed balances.

5.3 **Taxes.** NoRedInk's fees are exclusive of all taxes, levies, or duties of any nature ("**Taxes**"), and Client is responsible for payment of all Taxes, excluding only taxes levied by NoRedInk's local taxing authority on NoRedInk's income. If NoRedInk has the legal obligation to pay or collect taxes for which Client is responsible pursuant to this Section 5.3, the appropriate amount shall be invoiced to and paid by Client, unless Client provides NoRedInk with a valid tax exemption certificate authorized by the appropriate taxing authority.

#### 6. Confidentiality.

6.1 **Definition of Confidential Information.** As used herein, "**Confidential Information**" means all information of a party ("**Disclosing Party**") which the Disclosing Party designates in writing as being confidential when it discloses such information to the other party ("**Receiving Party**"), including without limitation these Terms, the Hosted Service and any nonpublic information regarding the same, business and marketing plans, technology and technical information, product designs, and business processes (whether in tangible or intangible form, in written or in machine readable form, or disclosed orally or visually). Confidential Information shall not include any information that: (a) is or becomes generally known to the public without the Receiving Party's breach of any obligation owed to the Disclosing Party; (b) was independently developed by the Receiving Party without the

Receiving Party's breach of any obligation owed to the Disclosing Party; or (c) is received from a third party who obtained such Confidential Information without any third party's breach of any obligation owed to the Disclosing Party.

6.2 **Protection.** Neither party will disclose the other party's Confidential Information, or use the other party's Confidential Information for any purpose other than to perform its obligations or exercise its rights under these Terms. Each party will protect the confidentiality of the Confidential Information of the other party in the same manner that it protects the confidentiality of its own proprietary and confidential information of like kind, but in no event shall either party exercise less than reasonable care in protecting such Confidential Information. Further, to the extent that Client is subject to a freedom of information act, open records law or similar legislative or regulatory obligations ("**Disclosure Laws**"), Client agrees that it will treat NoRedInk's Confidential Information as subject to exemption from disclosure as "confidential commercial information" or any similar category of information subject to exemption from disclosure to the maximum extent possible under the relevant Disclosure Laws.

6.3 **Compelled Disclosure**. If the Receiving Party is compelled by law to disclose Confidential Information of the Disclosing Party, it shall provide the Disclosing Party with prior written notice of such compelled disclosure and reasonable assistance (at Disclosing Party's cost) if the Disclosing Party wishes to contest the disclosure. Without limiting the generality of the foregoing, Client agrees that it will provide NoRedInk with the maximum notice period and right to object to disclosure of NoRedInk Confidential Information available under the applicable Disclosure Laws.

6.4 **Remedies.** If the Receiving Party discloses or uses (or threatens to disclose or use) any Confidential Information of the Disclosing Party in breach of this Section 6, the Disclosing Party shall have the right, in addition to any other remedies available to it, to seek injunctive relief to enjoin such acts, it being specifically acknowledged by the parties that any other available remedies are inadequate.

#### 7. Warranties & Disclaimers.

7.1 **Warranties.** Each party represents and warrants that it has the legal power to enter into these Terms, and that it has the right and authority to grant to rights granted under this Agreement. NoRedInk represents and warrants that it will provide the Services in a manner consistent with reasonable standards applicable in NoRedInk's industry.

7.2 **Disclaimer of Warranties.** EXCEPT AS EXPRESSLY PROVIDED HEREIN, NOREDINK MAKES NO WARRANTY OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, AND HEREBY SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW.

#### 8. Indemnification.

8.1 **Indemnification by NoRedInk.** Subject to these Terms, NoRedInk will defend Client against any claims, demands, suits or proceedings made or brought by a third party ("**Claims**") against Client to the extent based upon an allegation that the Hosted Service, as furnished by NoRedInk hereunder and used by Client within the scope of this Agreement, misappropriates any third party trade secret or infringes any third party's copyright or U.S. patent or trademark rights. NoRedInk will indemnify and hold Client harmless against damages awarded by a court or settlements agreed by NoRedInk in connection with such Claims. NoRedInk shall have no obligations to Client under this Section 8.1 to the extent such Claims arise from Client's or Users' breach of these Terms. If any Claim is made under this Section, in NoRedInk's sole judgment, is likely to be made, NoRedInk may, at its discretion, either: (a) procure for Client the right to continue to use the Hosted Service, as such use is specifically provided for in these Terms, (b) replace or modify the Hosted Service to avoid infringement, or (c) terminate these Terms upon written notice to Client, and refund any paid but unused fees to Client. The obligations in this Section are Client's sole remedy for any claim that the Services infringe or misappropriate any third party intellectual property rights,

8.2 **Indemnification by Client.** Subject to these Terms and to the fullest extent permitted by any state laws limiting Client's liability, Client will defend NoRedInk against any Claims against NoRedInk to the extent: (a) arising out of the Client Data, or the use thereof by either party solely in accordance with this Agreement, or (b) arising from Client's use of the Services in breach of this Agreement, including but not limited to failure to obtain parental consent for Student Users who are under 13. Client will indemnify and hold NoRedInk harmless against

damages awarded by a court or settlements agreed by Client in connection with such Claims. Client shall have no obligations to NoRedInk under this Section 8.2 to the extent such Claims arise from NoRedInk's breach of these Terms.

8.3 **Procedure**. Each party's obligations under this Section 8 are conditioned on the party seeking indemnification: (a) promptly giving written notice of the Claim to the indemnifying party (provided that any delay in notification will excuse the indemnifying party only to the extent such delay materially prejudices the indemnifying party's ability to defend or settle the claim); (b) giving the indemnifying party sole control of the defense and settlement of the Claim (provided that the indemnifying may not settle or defend any Claim without the indemnified party's consent unless such settlement unconditionally releases the indemnifying party of all liability); and (c) providing to the indemnifying party, at the indemnifying party's cost, all reasonable assistance.

#### 9.1 **Limitation of Liability.**

(a) EXCEPT FOR DAMAGES PAYABLE TO THIRD PARTIES UNDER SECTION 8.1, IN NO EVENT SHALL NOREDINK HAVE ANY LIABILITY HEREUNDER FOR ANY LOST PROFITS, LOSS OF DATA, LOSS OF USE, COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, OR FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES HOWEVER CAUSED, UNDER ANY THEORY OF LIABILITY, WHETHER OR NOT NOREDINK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

#### 10. Term & Termination.

10.1 **Term.** These Terms commence on the date an Order Form is executed by both parties and, unless sooner terminated in accordance with these Terms, shall continue until the expiration of the last Service Term to expire. In the event of an inadvertent gap of fewer than ninety (90) days between the expiration of a Service Term and the execution of a new Order Form intended to extend or renew the use of the Services, these Terms shall be deemed to not to have expired and to have continued in force through such inadvertent gap.

11.5 **Waiver and Severability.** Any express waiver or failure to exercise promptly any right under this Agreement will not create a continuing waiver or any expectation of non-enforcement. If any provision of this Agreement is held to be contrary to law or unenforceable, the provision shall be changed and interpreted so as accomplish the objectives of the original provision to the fullest extent permitted by law, and the remaining provisions of this Agreement shall remain in effect, unless the modification or severance of any provision has a material adverse effect on a party, in which case such party may terminate this Agreement.

11.6 **Assignment.** Neither party may assign any of its rights or obligations hereunder, whether by operation of law or otherwise, without the prior express written consent of the other party, not to be unreasonably withheld.
