COMMONWEALTH OF VIRGINIA

County of Henrico

Non-Professional Services Contract Contract No. 2678A

This Non-Professional Services Contract (this “Contract”) entered into this 29th day of July 2024, by ColonialWebb Contractors Company (the “Contractor”) and the County of Henrico, Virginia and the County School Board of Henrico County, Virginia (collectively the “County”).

WHEREAS the County has awarded the Contractor this Contract pursuant to Request for Proposals No. 24-2678-4BJM, as modified by Addendum No. 1, May 15, 2024 (the “Request for Proposals”), for On Call Plumbing Services.

WITNESSETH that the Contractor and the County, in consideration of the mutual covenants, promises and agreements herein contained, agree as follows:

SCOPE OF CONTRACT: The Contractor shall provide the services to the County as set forth in the Contract Documents.

COMPENSATION: The compensation the County will pay to the Contractor under this Contract shall be in accordance with Revised Attachment H (AD No. 1, 5.15.24), Pricing/Cost Proposal included in Exhibit C.

CONTRACT TERM: The Contract term shall be for a period of one year beginning August 1, 2024 and ending July 31, 2025. The County may renew the Contract for up to 4 one-year terms by giving 30 days’ written notice before the end of the term unless the Contractor has given the County written notice that it does not wish to renew at least 90 days before the end of the term.

CONTRACT DOCUMENTS: This Contract hereby incorporates by reference the documents listed below (the “Contract Documents”) which shall control in the following descending order:

1. This Non-Professional Services Contract between the County and the Contractor.
2. The General Contract Terms and Conditions included in the Request for Proposals.
3. The Negotiated Modifications (Exhibit A).
4. Contractor’s Best and Final Offer dated July 15, 2024 (Exhibit B).
5. Contractor’s Original Proposal dated May 29, 2024 (Exhibit C).
6. The Scope of Services included in the Request for Proposals.

IN WITNESS WHEREOF, the parties have caused this Contract to be duly executed intending to be bound hereby.

**NEGOTIATED MODIFICATIONS TO AGREEMENT DOCUMENTS FOR
CONTRACT NO. 2678A**

These Negotiated Modifications are hereby incorporated into Contract No. 2678A (the “Contract”) for On Call Plumbing Services as of the effective date of the Contract.

WHEREAS, the County and Contractor desire to agree in writing to modify the final terms and conditions of the Contract.

THEREFORE, in consideration of the Recital set forth above and good and valuable consideration as set forth in the Contract, the parties agree that the Contract Documents are modified as follows as of the date of the Contract:

1. *ColonialWebb’s proposal, page 35 of 46, Tab 7 Exceptions 2A. is hereby revised to the following:*

Exception: Water Jetter Limits of Liability: *Water jet operations entail the use of high volume and high-pressure water to clear pipes of accumulated materials on the walls of the pipes. Not knowing the latent condition of the pipes, joints, etc., the integrity of the piping system cannot be assured during or after Water Jetting Plumbing Services. Resultant damage not attributable to Successful Offeror’s negligence or intentional misconduct, including but not limited to piping failures, water damage to floors or finishes and cleanup due to water backing out of drains or failure of pipes, shall be the responsibility of the County.*

In addition, jet hoses may become stuck in drain piping due to defects or foreign matter. If excavation or mechanical means must be utilized for removal, an additional cost based on time and equipment will be charged to the County of Henrico. If removal is declined by the County of Henrico, they will be charged the retail cost of the damaged hose and nozzle.

By signing the Contract, the parties thereto have approved these Negotiated Modifications.

Subject: Negotiations for RFP24-2678-4BJM

Ms. Mitchell,

Thank you for the opportunity to negotiate final terms with Henrico County for this solicitation. Below are our responses to the two items requested in your letter dated July 10, 2024.

- Item 1: Exception 2A.

Per our discussion last week, we have discussed “Exception 2A” internally with our Contracts Manager, Emily Elder, cc’d on this e-mail.

We propose to strike the last sentence of the 1st paragraph, (Snippet below). If this is acceptable, we will edit our response to remove it and resubmit. If this this remedy is not acceptable, we request you or your representative to communicate directly with Ms. Elder for a mutually agreeable solution.

Tab 7 – Exceptions - Continued

2A. Reference Page 7 of 40, Item II.B.14.a:

Exception: Water Jetter Limits of Liability: Water jet operations entail the use of high volume and high-pressure water to clear pipes of accumulated materials on the walls of the pipes. Not knowing the latent condition of the pipes, joints, etc., the integrity of the piping system cannot be assured during or after Water Jetting Plumbing Services. Resultant damage, including but not limited to piping failures, water damage to floors or finishes and cleanup due to water backing out of drains or failure of pipes, shall be the responsibility of the County of Henrico. ~~The County of Henrico shall hold ColonialWebb harmless against any and all resultant damage.~~

In addition, jet hoses may become stuck in drain piping due to defects or foreign matter. If excavation or mechanical means must be utilized for removal, an additional cost based on time and equipment will be charged to the County of Henrico. If removal is declined by the County of Henrico, they will be charged the retail cost of the damaged hose and nozzle.

- Item 2: Best & Final pricing for the project. ColonialWebb’s pricing for this project is consistent with other public contracts with similar requirements. This was taken into consideration upon our original response to the solicitation. Therefore, the pricing we submitted in our original response is our best and final.

Respectfully,

John Mosteller

RE: RFP No. 24-2678-4BJM – On Call Plumbing Services

ColonialWebb is pleased to provide this response to The County of Henrico for RFP No. 24-2687-4BJM “On Call Plumbing Services”. We hope the evaluation committee finds our firm to be worthy of an award based on our overall qualifications to provide exceptional solutions and levels of service to the County.

ColonialWebb has three (3) distinct plumbing groups each staffed and managed independently to handle unique requirements.

- Construction (Typically plumbing systems associated with new buildings)
- Projects (Typically involving plumbing renovations and upgrades to existing facilities)
- Service (Typically maintaining, servicing, and refurbishing existing plumbing systems)

The solutions, technicians and tooling we present in this response are 100% dedicated to our “Service” group. ColonialWebb has invested heavily in the plumbing trade over the past 10 years and built a strong local team that we feel is well suited to meet and exceed expectations. Significant tooling investments includes equipment needed for:

- Camera/Locator Services
- Jetting of lines
- Pipe Rehabilitation (Mechanical cleaning, lining and reinstatements)

In the following pages of this response, we provide the details requested in this solicitation. We appreciate the opportunity to showcase our abilities and look forward to taking the next steps in this process.

Respectfully,

Raymond A. Battani
Regional Service Vice President

DEFINITIONS

For the purpose of determining the appropriate business category, the following definitions apply:

"Small business" means a business, independently owned and controlled by one or more individuals who are U.S. citizens or legal resident aliens, and together with affiliates, has 250 or fewer employees, or annual gross receipts of \$10 million or less averaged over the previous three years. One or more of the individual owners shall control both the management and daily business operations of the small business.

"Women-owned business" means a business that is at least 51 percent owned by one or more women who are U.S. citizens or legal resident aliens, or in the case of a corporation, partnership, or limited liability company or other entity, at least 51 percent of the equity ownership interest is owned by one or more women who are U.S. citizens or legal resident aliens, and both the management and daily business operations are controlled by one or more women.

"Minority-owned business" means a business that is at least 51 percent owned by one or more minority individuals who are U.S. citizens or legal resident aliens, or in the case of a corporation, partnership, or limited liability company or other entity, at least 51 percent of the equity ownership interest in the corporation, partnership, or limited liability company or other entity is owned by one or more minority individuals who are U.S. citizens or legal resident aliens, and both the management and daily business operations are controlled by one or more minority individuals.

"Minority individual" means an individual who is a citizen of the United States or a legal resident alien and who satisfies one or more of the following definitions:

1. "African American" means a person having origins in any of the original peoples of Africa and who is regarded as such by the community of which this person claims to be a part.
2. "Asian American" means a person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands, including but not limited to Japan, China, Vietnam, Samoa, Laos, Cambodia, Taiwan, Northern Mariana Islands, the Philippines, a U.S. territory of the Pacific, India, Pakistan, Bangladesh, or Sri Lanka and who is regarded as such by the community of which this person claims to be a part.
3. "Hispanic American" means a person having origins in any of the Spanish-speaking peoples of Mexico, South or Central America, or the Caribbean Islands or other Spanish or Portuguese cultures and who is regarded as such by the community of which this person claims to be a part.
4. "Native American" means a person having origins in any of the original peoples of North America and who is regarded as such by the community of which this person claims to be a part or who is recognized by a tribal organization.

"Service disabled veteran business" means a business that is at least 51 percent owned by one or more service disabled veterans or, in the case of a corporation, partnership, or limited liability company or other entity, at least 51 percent of the equity ownership interest in the corporation, partnership, or limited liability company or other entity is owned by one or more individuals who are service disabled veterans and both the management and daily business operations are controlled by one or more individuals who are service disabled veterans.

"Service disabled veteran" means a veteran who (i) served on active duty in the United States military ground, naval, or air service, (ii) was discharged or released under conditions other than dishonorable, and (iii) has a service-connected disability rating fixed by the United States Department of Veterans Affairs.

"Employment services organization" means an organization that provides community-based employment services to individuals with disabilities that is an approved Commission on Accreditation of Rehabilitation Facilities (CARF) accredited vendor of the Department of Aging and Rehabilitative Services.

DIRECT CONTACT WITH STUDENTS

Name of Offeror: ColonialWebb Contractors Company

Pursuant to Va. Code § 22.1-296.1(E), as a condition of awarding a contract for the provision of services that require the contractor or employees of the contractor to have direct contact with students on school property during regular school hours or during school-sponsored activities, the contractor shall provide certification of whether any individual who will provide such services has been convicted of any violent felony set forth in the definition of barrier crime in subsection A of Va. Code § 19.2-392.02; any offense involving the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense; or any crime of moral turpitude.

Any individual making a materially false statement regarding any such offense is guilty of a Class 1 misdemeanor and, upon conviction, the fact of such conviction is grounds for the revocation of the contract to provide such services and, when relevant, the revocation of any license required to provide such services. School boards shall not be liable for materially false statements regarding the certifications required by Va. Code § 22.1-296.1(E),.

Va. Code § 22.1-296.1(E), shall not apply to a contractor or his employees providing services to a school division in an emergency or exceptional situation, such as when student health or safety is endangered or when repairs are needed on an urgent basis to ensure that school facilities are safe and habitable, when it is reasonably anticipated that the contractor or his employees will have no direct contact with students.

For purposes of this certification, “services” means any work performed by an independent contractor wherein the service rendered does not consist primarily of acquisition of equipment or materials, or the rental of equipment, materials and supplies.

The contractor is responsible for affirming certification information for his subcontractors.

Pursuant to Va. Code § 22.1-296.1(F), no school board shall award a contract for the provision of services that require the contractor or his employees to have direct contact with students on school property during regular school hours or during school-sponsored activities when any individual who provides such services has been convicted of any violent felony set forth in the definition of barrier crime in subsection A of § 19.2-392.02 or any offense involving the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense.

Pursuant to Va. Code § 22.1-296.1(G), any school board may award a contract for the provision of services that require the contractor or his employees to have direct contact with students on school property during regular school hours or during school-sponsored activities when any individual who provides such services has been convicted of any felony or crime of moral turpitude that is not set forth in the definition of barrier crime in subsection A of § 19.2-392.02 and does not involve the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense, provided that in the case of a felony conviction, such individual has had his civil rights restored by the Governor.

As part of this submission, the contractor certifies the following:

- None of the individuals who will be providing services that require direct contact with students on school property during regular school hours or during school-sponsored activities have been convicted of a violent felony set forth in the definition of “barrier**

crime” in Va. Code § 19.2-392.02(A) or an offense involving the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense;

And (select one of the following)

None of the individuals who will be providing services that require direct contact with students on school property during regular school hours or during school-sponsored activities have been convicted of any felony or any crime of moral turpitude.

or

One or more individuals who will be providing services that require direct contact with students on school property during regular school hours or during school-sponsored activities has been convicted of a felony or crime of moral turpitude that is not set forth in the definition of “barrier crime” in Va. Code § 19.2-392.02(A) and does not involve the sexual molestation, physical or sexual abuse, or rape of a child, or the solicitation of any such offense. (In the case of a felony conviction meeting these criteria, the contractor must submit evidence that the Governor has restored the individual’s civil rights.).

Tab 1 – Introduction and Signed Forms - Continued

Subcontractor Information

ColonialWebb does not plan on utilizing subcontractors for day-to-day service requests and quotes. The only exception would be if we were to be requested to subcontract pump truck services or if there were an unusual circumstance that we do not foresee.

Tab 2 – Statement of Scope

ColonialWebb has reviewed section II “SCOPE OF SERVICES” on pages 2 through 10 of the County of Henrico RFP No. 24-2678-4BJM – On Call Plumbing Services solicitation. We confirm our understanding of this section including:

- The reactive nature of the county’s plumbing needs and the requirement to be local to the County.
- The facilities in which we may be called to work.
- The staffing and billing requirements.
- Expected competencies of the selected companies including safety, technical skills, and tooling.

Tab 3 – Default, Termination and Barred Certification Statement

Pursuant to Section VI, Items L(3), L(4) and L(5), ColonialWebb certifies that in the past five (5) years:

- (i) we have not defaulted on any government contract;
- (ii) no government has terminated a contract with ColonialWebb for cause;
- (iii) neither ColonialWebb nor any of our officers, directors, partners, or owners is currently barred from participating in any procurements by any federal, state, or local government body

Tab 4 – Experience and Qualifications

In this tab, Offerors should demonstrate the Offeror’s and their staff’s qualifications and experience in providing the services as requested in this Request for Proposal (RFP). Offerors should provide, at a minimum, documentation demonstrating that their firm is a firm regularly engaged in providing services solicited in this RFP. Discuss the firm’s current workload. If subcontractors are to be utilized provide similar documentation to what has been requested of the offeror in this section. Provide appropriate documentation to support:

a. **Years In Business:** 52 Years

b. **Years in Business under your present name:** 19 Years

ColonialWebb formed in January 2005 by the merging of Colonial Mechanical and Webb Technologies. Both of the original companies were established in 1972 with the primary objective of satisfying the customer every time. Staying true to that objective is one of the many reasons that ColonialWebb is the premier mechanical contractor in Virginia today. This leadership position is due to our uncompromising dedication to customer satisfaction, state-of-the-art technology, highly trained workforce, and financial stability. As of July 2010, we became a wholly owned subsidiary of Comfort Systems USA. Under their umbrella, we are able to offer our customers improved pricing due to their national purchasing programs as well as a larger area of coverage.

c. **Five-year history of same product/service sales:**

ColonialWebb has been engaged in the “Service” plumbing business for over 30 years. Staffing, coordination, tooling, and management of this group is independent from our “Projects” and “Construction” businesses. Typical solutions for our “Service” group include all of the needs/requirements of this solicitation.

- d. Provide at least three references that are currently using your firm for a similar sized operation. For each reference, include a contact name and telephone number, the size of the contract, the original projects completion date, and the actual project completion date. It is preferred that these references be in close proximity to Virginia.

g. Proximity to work location:

ColonialWebb Contractors has eight (8) offices throughout Virginia and Maryland. Our headquarters is located in Central Henrico at 1920 E. Parham Road, only 1.8 miles from the Henrico County purchasing office.

h. Describe the involvement, if any, of subcontractors in the completion of any part of the Scope of Services:

ColonialWebb does not plan on utilizing subcontractors for day-to-day service requests and quotes. The only exception would be if we were to be requested to subcontract pump truck services or if there were an unusual circumstance that we do not foresee.

- a. **Offerors shall explain how their firm would identify and prioritize corrective repairs. Included should be an indication of when service would be scheduled, what work hours can be expected, and a plan to manage operations when equipment will be out of service during repair or maintenance.**

To effectively identify and prioritize required corrective repairs, ColonialWebb will assign a designated team for the County to manage and execute repairs efficiently. Your designated coordinator will schedule and dispatch technicians according to the urgency of repairs needed. Service will be scheduled and performed during hours of operation as outlined in the RFP.

Account Management: Your Account Executive, Chris Watkins, will work to understand the County of Henrico's requirements, (Example: What makes you successful and how do we affect that success?). They will work proactively to provide tools that help you better manage your assets, including Capital Budgets and Asset Evaluations.

- c. **Provide a description of your support policies. This should include any formally defined training, job archive documentation, safety programs and any other support policy that would help in evaluating your firms' ability to provide service.**

Training: ColonialWebb is committed to not only training our technical team but also developing future talent that is in such need in our industry.

- **Third Part - Ongoing Education:** We routinely send technicians to trade schools (Both OEM and independent) so we can quickly and efficiently service and maintain the newest generations of equipment.
- **In House:** Locally, (at our offices) we offer fall & winter classes in the latest technology and utilize both in-house facilitators and OEM representatives.
- **Workforce Development Center:** In our Richmond office we have a development center within our fabrication shop where we give our technicians hands-on experience to complement the classroom lectures.
- **Apprenticeships:** Company-wide, we currently employ approximately 90 apprentices in all trades. The Plumbing program is a 3-year program that consists of both field time and classes.

Safety: At ColonialWebb, safety is more than just a priority—it's ingrained in our culture and is our most important company value. We genuinely care about the well-being of our team members and customers, and we take safety seriously and our commitment starts at the top. Through our Safety Resolution, our executive team reaffirms their unwavering dedication to safety and believe that safety is everyone's responsibility. It's integral to our work ethic, and our safety culture depends on team members actively caring for themselves and those around them. The safe way is the only way forward.

Our local safety team, consisting of seventeen dedicated members, ensures that our employees stay safe every day. Rotating site safety coordinators visit various work sites throughout the day, ensuring that our team members maintain safe work habits in their environments.

Monthly safety training for our service teams keeps safety at the forefront of our priorities. Additionally, our Stop Work Authority Program empowers all team members to halt any task or operation immediately if safety or health concerns arise. No work proceeds until these concerns are adequately addressed and rectified.

Tab 6 – Pricing / Cost Proposal - Return Policy

1. Reference Page 8 of 40, Item II.B.14.i:

Offerors shall state in their Proposal, their policy on return of material, parts, and components.

ColonialWebb Contractors Return Policy:

Parts or equipment that have been installed are not returnable.

Parts or equipment that have been purchased and not installed could be returned should a cancellation of work occur. Returns would be subject to the return policy of the wholesaler ColonialWebb utilized for the specific return in question. Generally, they would fall into two (2) categories:

- a. Stocked parts: Are returnable without a re-stocking fee.
- b. Special Ordered Parts generally have restocking fees. These fees are determined by the wholesaler and not ColonialWebb. These fees would be passed along at actual cost to the County of Henrico.

Tab 7 – Exceptions

1. Reference Page 6 of 40, Item II.B.12.:

The Successful Offeror(s) shall invoice the County for services based on the hourly rates provided on their proposal. Hourly rates per man hour for plumbing services shall include all overhead, profit, insurance, union pension fund or contributions, workmen's compensation, unemployment insurance, social security, supervision, and truck usage, etc. The Successful Offeror(s) must pay its employees or contract workers, at a minimum, the wage levels required by federal and state law.

Time spent for transportation of workers, material acquisition, handling and delivery, fuel charges or for movement of Successful Offeror(s)'s owned or rental equipment is not chargeable directly but is overhead and the cost shall be included.

Exception: The last sentence of this section precludes charges for delivery of rental equipment. Rental companies typically charge their clients fees for delivery and thus this would be a real cost incurred by ColonialWebb and not affiliated with labor under our supervision required to mobilize work. Therefore, we request that we be able to invoice Henrico County for all costs that we incur directly associated with rental equipment.

2. Reference Page 7 of 40, Item II.B.14.a:

Successful Offeror(s) shall maintain a sufficient quantity of repair parts and standard equipment on hand or have ready access to these parts in order to prevent unnecessary downtime of equipment. Standard equipment necessary to perform all plumbing services, shall include, but not limited to equipment to clear plumbing stoppages of all types (including residential, commercial, and institutional), equipment (whether owned, through rental, or via subcontractor) for jetting services, flushing and pumping trucks, video camera and recording for interior and exterior line inspection with the capability to reach at least 300 linear feet.

Exception: Exclusion of Pump Truck: ColonialWebb does not own or operate a pump truck and have not provided pricing for this equipment/usage. We therefore request to be excluded from taking service calls that involve a pump truck. (We assume there will be awards to multiple contractors with at least one (1) supplier providing this service.) If this represents a hardship to Henrico County, we will consider providing a price for this service utilizing a subcontractor. Additional hourly costs for supervising the subcontractor would apply should the County want us to subcontract this work through ColonialWebb. We would be pleased to discuss this further during oral interviews scheduled for June, should we be invited.

Tab 7 – Exceptions - Continued

2A. Reference Page 7 of 40, Item II.B.14.a:

Exception: Water Jetter Limits of Liability: Water jet operations entail the use of high volume and high-pressure water to clear pipes of accumulated materials on the walls of the pipes. Not knowing the latent condition of the pipes, joints, etc., the integrity of the piping system cannot be assured during or after Water Jetting Plumbing Services. Resultant damage, including but not limited to piping failures, water damage to floors or finishes and cleanup due to water backing out of drains or failure of pipes, shall be the responsibility of the County of Henrico. The County of Henrico shall hold ColonialWebb harmless against any and all resultant damage.

In addition, jet hoses may become stuck in drain piping due to defects or foreign matter. If excavation or mechanical means must be utilized for removal, an additional cost based on time and equipment will be charged to the County of Henrico. If removal is declined by the County of Henrico, they will be charged the retail cost of the damaged hose and nozzle.

3. Reference Page 8 of 40, Item II.C. Manufacturer's Warranty:

The County will use a manufacturer's approved service company for equipment currently under warranty. Payment for warranty repair services will be paid by the manufacturer of the equipment. If the Successful Offeror(s) is an authorized service company for the warranty repair, they may complete the service to manufacturer's specifications. The Successful Offeror(s) shall not submit an invoice to the County for payment; however, a service report/ticket shall be generated to document the warranty repair. The Successful Offeror(s) must produce supporting documentation to indicate they are an approved service company for the warranty repair.

Exception: ColonialWebb will provide labor warranty on any equipment we install commensurate with the contract requirements. Generally, we will not accept warranty calls on equipment that was installed by other contractors regardless of our status of being an authorized service agency. Reason: For Mechanical, Electrical and Plumbing equipment, manufacturers typically only cover warranty on parts. The installation company covers the labor component. Thus, if we performed work during a covered warranty period on equipment another party installed, the manufacturer would not be obligated to pay us. Should there be an instance where the manufacturer was responsible for the labor warranty component then we would accept that type of call.

Tab 8 – Assumptions

i. Reference Page 8 of 40, Item II.B.14.g:

The County reserves the right to furnish materials and parts to the Successful Offeror(s). The Successful Offeror(s) shall keep an accounting of all items provided by the County and shall account for the use of those items on related service tickets. Unused items shall be returned to the County upon request by the County.

Assumption: ColonialWebb covers workmanship warranty on all repairs. However, it does not provide labor warranty on parts provided by others.

ii. Reference Page 9 of 40, Item II.E.3:

The Successful Offeror(s) personnel shall be easily identifiable. Successful Offeror(s) shall provide identification badges with company name and logo to their personnel and shall be visibly worn at all times while on County Property.

Assumption: The solicitation defines required information on “identification badges” as company name and logo. ColonialWebb assumes the County of Henrico would accept a logo shirt or uniform as identification in lieu of identification badges. If this is not acceptable, we can create badges for our technicians with other required information as needed.

Tab 9 – Appendices

- b. Will “Emergency services” be assigned a Not-To-Exceed (NTE) amount by the county at the time the service call is placed?
 Answer: No.
- c. Will the contractor be able to bill emergency services based off of an established NTE? Or will a quote in arrears of the work be required in order to invoice?
 Answer: Time and Material Not to Exceed Price.
- d. For Emergency work, how would work authorizations occur? (i.e., Purchase Order per event or blanket Purchase Order, other?)
 Answer: Verbal Authorization will be given based on a Not to Exceed Price and PO will be issued per event.

2. Reference pages 4 & 5 of 40, items II.B.5 and II.B.6.

- a. Can the county provide a description of the circumstances under which a quote is required?
 Answer: Quotes should be given for all work, unless given verbal authorization to proceed in an emergency.
- b. If scope is not fully definable and troubleshooting is required to develop a scope of work and price a repair, will the county pay for the required labor to troubleshoot? Sample scenario:
 - Henrico County calls to get a quote on repairing a clogged drain- line. (Non-emergency, quote requested)
 - At the time of the request to quote the contractor may not know if the line can be cleared by snake, if a jetter is required or if there is damage to a pipe that may require a camera and locator.
 - Trouble shooting may be required which could require many man hours of labor.
 - Suppose the county decides to abandon the line or not make the repair.
 - Item II.B.6. prohibits charging for “time to inspect the worksite and to develop the written non-binding estimate.” Question: Since all of the above actions were required to arrive at a scope and firm quote, could the troubleshooting be billed?
 Answer: Yes, troubleshooting costs can be billed for.

3. Reference Pages 5 & 6 of 40, items II.B.10 (Normal Business Hours) and II.B.13 (Successful Offeror(s) paid hourly rate per man hour).

The RFP states “normal business hours” for General Government and Schools to be Monday through Friday, 8:00 A.M. to 4:30 P.M. Other facilities such as “Jail East, Jail West, Juvenile Detention, Recreation and Parks” differ. Will the county pay “Overtime Hourly Rate” for work outside of the General Government normal business hours of Monday through Friday, 8:00 A.M. to 4:30 P.M. at a facility such as Jail East, Jail West and Juvenile Detention? Or, does the county expect to pay “Regular Hourly Rate” situationally to the facility? Example: A call comes in for Juvenile Detention that a contractor runs during a weekday between 5:00 P.M. and 7:00 P.M. Would the contractor bill at the “Regular hourly Rate” or the “Overtime Hourly Rate”?
 Answer: Yes, the county expects to pay the Regular Hourly Rate situationally to the facility. In addition, school hours are not the same as General Government. Please refer to Item #3 under Changes to RFP.

4. Reference page 17 of 40, item V.W.1. & V.W.2.

This term appears to be inconsistent with contracts we have with other tax-exempt state agencies. Our company has been advised by legal counsel that there is no exemption from tax for contractor purchases that will be incorporated into real property of a tax-exempt entity. The only options we’ve been provided to avoid paying taxes when our end user is a tax-exempt entity are:

- The tax-exempt entity makes the material purchases directly.
- The tax-exempt entity names the contractor as an authorized purchasing agent.

Our legal department has advised us based on the way Item V.W.1. is written we would have to pay taxes on materials purchased but we could not recoup these real costs. Could this term be modified to allow the “Successful Offeror” to pass along these real costs to the county?

Answer: Page 7 of 40, Item 14(e) says, “The County will reimburse Successful Offer(s) for non-truck stock parts, materials, and components at cost.” “At cost” would include sales tax the Successful Offeror paid. For

page 38 of 40, Attachment H Pricing/Cost Proposal, the Unit Price that the contractor lists for all truck stock items can include the sales tax.

5. Reference page 19 of 40, Item V.DD.2.
Skilled labor wage increases have often exceeded 3% per year. Would Henrico County agree to a pre-established annual rate increase that would not exceed the Bureau of Labor Statistics Construction Trade Contractors – NAICS Code 238220? Link here: [Bureau of Labor Statistics Data \(bls.gov\)](https://www.bls.gov)
Answer: No.
6. Reference page 38 of 40, Attachment H, Pricing/Cost Proposal.
Column B - Estimated Annual Hours, Item Nos 1-9 on pricing/cost proposal. Do the estimated hours in Column B include hours utilized by the schools, or do these hours just represent estimated non-school needs?
Answer: Hours to be dictated by Henrico County General Government and Henrico County Schools staff.
7. Reference page 2 under II. Scope of Services, A. 2.,4. The proposal requires 4 DPOR licensed journeyman plumbers. Will the county accept plumbers that meet the journeyman plumber qualifications without the journeyman DPOR license? The state of Virginia allows service plumbing providers to work under one master plumbing license. Will Henrico County accept this State regulation?
Answer: Yes. Refer to Items 1 and 2 under Changes to RFP.

All other specifications and General Terms and Conditions shall remain the same.

Offerors must take due notice and be governed accordingly. Failure to acknowledge this addendum may result in your response being deemed non-responsive.

7 List account number(s) here (optional)

Requester's name and address (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.
